VOTES ENACTED AT THE ANNUAL TOWN MEETING

HELD: WEDNESDAY, MARCH 6, 1963

Town Clerk's Office
Wayland, Massachusetts

Roger P. Stokey, Moderator:--

Pursuant to the Warrant dated January 28, 1963, signed by Frank S. Tarr, George K. Lewis and Thomas Francis Linnehan, Selectmen, served and return of service given by Ernest H. Damon, Constable, the inhabitants of the Town of Wayland, qualified to vote in Town Meeting, met this day; and at 7:45 P. M. the Moderator called the meeting to order, declared a quorum to be present, and the meeting proceeded to transact the following business:

At the request of the Moderator, and upon a Motion, duly seconded, of Mr. Robert M. Morgan, it was

VOTED: Unanimously: To permit the Moderator to omit reading the Articles.

Upon Motion of Mr. Morgan, duly seconded, it was

VOTED: Unanimously: That consideration of Articles 1 and 2 be deferred until the meeting has acted upon and disposed of Articles 3 through 20.

Article 3. To see if the Town will vote to further amend the Town By-Law establishing the Wage and Salary Classification Plan, as amended, in any of the following respects:

(a) Amend Article II, Section 1 of said Plan by changing any of the salary and wage rates specified in said section.

Amend Article II, Section 1 of said plan by adding the new position classifications of (1) Assistant Highway Superintendent and (2) Town Engineer, or any other new position classification (with salary or wage rates therefor), deleting any position classifications, or changing the designation or description of any position classifications.

(b) Amend Article VI, Section 1 to read as follows: "An hourly rated employee (other than a police or fire department call man) required to work between 7 P. M. and 7 A. M. or between 6 P. M. Saturday and 7 A. M. Monday, or between 7 A. M. and 7 P. M. on any regularly listed holiday, because of an emergency outside his regular working hours, shall be paid time and one-half for emergency overtime".

(c) Amend Article V--B, Section 2 to read as follows: "Full time Police Department personnel assigned to duty on a holiday shall receive straight time pay for the hours actually worked in addition to other regular pay".

(d) Amend Article V--C, entitled "Sick Leave", as follows:

(i) By striking out from Section 2, the sentence "The maximum accumulation shall be 90 days".

(ii) By adding at the end of Section 2, the sentence "Employees who are absent on sick leave may be visited by a member of the Town Health Department at the discretion of the appropriate supervisor".

(iii) By striking out all of Section 3, reading as follows: "After three consecutive weeks' absence sick leave shall be paid at 80 per cent of the employee's regular pay".

(e) By striking out all of Article III, and changing the numbering of the present Article III--A" to "Article III" and striking out from Article V, Section 1 the following sentence: "In putting the Plan into effect under Article III present Town employees will be given credit for prior years of service in their present positions".

or take any action relative to any of the foregoing proposed amendments.

Duly seconded, Mr. Warren T. Cronin offered the following

MOTION: That Article II, Section 1, of the Town By-Laws establishing a Wage and Salary Classification Plan established March 3, 1954, as heretofore amended, be further amended by increasing by ten (10) per cent the annual salary rates for each of the Police Chief, Fire Chief, and Highway Superintendent, and by increasing by six (6) per cent every other annual and monthly salary rate (but excluding any salary rates for new positions that may be adopted by vote of this meeting), and by increasing each hourly wage rate by six (6) per cent with fractions of a cent leveled off to the nearest cent above, all such increases to be effective from January 1, 1963.

Upon Motion of Mr. Fern A. Taylor, duly seconded,

To add the Water Superintendent to the list of those proposed to receive the 10 per cent raise, it was

VOTED: In the negative.

This vote having been doubted, there was a Standing, non-counted vote, which was again: In the negative.

Upon the Main Motion of Mr. Cronin, it was
VOTED: In favor.

Duly seconded, Mr. Cronin offered the following

MOTION: That Article II, Section 1, of the Town By-Law establishing a Wage and Salary Classification Plan established March 3, 1954, as heretofore amended, be further amended as follows:

(a) By adding the following new classifications and salary rates therefor:

<u>Position</u>					
<u>Assistant Highway Superintendent</u>					
<u>Min.</u>	<u>1 year</u>	<u>2 years</u>	<u>3 years</u>	<u>4 years</u>	<u>5 years</u>
\$6,642.52	\$6,805.19	\$6,967.86	\$7,130.52	\$7,293.20	\$7,455.88
<u>Town Engineer</u>					
\$7,300.00	\$7,480.00	\$7,660.00	\$7,840.00	\$8,020.00	\$8,200.00

(b) By changing the designation "Second Man - Water" to "Water Department Maintenance Man";

(c) By adding "Back-Hoe" to the list of equipment included in the position category "Heavy Equipment Operator and Laborer".

Duly seconded, Mr. Hugh P. Taylor offered the following

MOTION of AMENDMENT: To delete the provision for the Town Engineer's position.

Upon a Motion of Mr. George H. Robinson, duly seconded, "The previous question" the first Two votes were not unanimous, there being a single, "No". The Third vote was unanimously in favor.

Upon Mr. Taylor's Motion, it was
VOTED: In the negative.

Upon the Main Motion of Mr. Cronin, it was
VOTED: In favor.

Upon Motion, duly seconded, of Mr. Cronin, it was

VOTED: That the Town By-Law establishing a Wage and Salary Classification Plan established March 3, 1954, as heretofore amended, be further amended as follows:

By changing Article VI, Section 1 to read as follows: "An hourly rated employee (other than a police or fire department call man) required to work between 7 P. M. and 7 A. M. or between 6 P. M. Saturday and 7 A. M. Monday, or between 7 A. M. and 7 P. M. on any regularly listed holiday, because of an emergency outside his

regular working hours, shall be paid time and one-half for emergency overtime." ; said change to be effective January 1, 1963.

Upon Motion, duly seconded, of Mr. Cronin, it was

VOTED: That the Town By-Law establishing a Wage and Salary Classification Plan established March 3, 1954, as heretofore amended, be further amended as follows:

By changing Article V-B, Section 2 to read as follows: "Full time Police Department personnel assigned to duty on a holiday shall receive straight time pay for the hours actually worked in addition to their regular pay." ; said change to be effective from and including February 22, 1963.

Duly seconded, Mr. Cronin offered the following

MOTION: That Article V-C, entitled "Sick Leave", of the Town By-Law establishing a Wage and Salary Classification Plan established March 3, 1954, as heretofore amended, be further amended as follows:

(a) By striking out from Section 1, the sentence "The maximum accumulation shall be 90 days".

(b) By adding at the end of Section 2, the sentence "Employees who are absent on sick leave may be visited by a member of the Town Health Department at the discretion of the appropriate supervisor".

(c) By striking out all of Section 3, reading as follows: "After three consecutive weeks' absence sick leave shall be paid at 80 per cent of the employee's regular pay."

Upon Motion of Dr. John G. Freymann, duly seconded, it was

VOTED: To delete paragraph (b) from the main Motion of Mr. Cronin, relating to visits by a member of the Town Health Department.

Upon the Main Motion of Mr. Cronin, subject to Dr. Freymann's Amendment, it was

VOTED: In favor.

Upon a Motion, duly seconded, of Mr. Cronin, it was

VOTED: That the Town By-Law establishing a Wage and Salary Classification Plan established March 3, 1954, as heretofore amended, be further amended by striking out all of Article III and changing the numbering of the present "Article III-A" to "Article III" and striking out from Article V, Section 1 the following sentence: "In putting the Plan into effect under Article III present Town employees will be given credit for prior years of service in their present positions."

Article 4, To grant money for necessary Town purposes.

Duly seconded, Mr. Morgan offered the following

MOTION: That the report of the Finance Committee be accepted and its recommendations be adopted; that \$3, 042, 526. 17 with the addition of \$5, 000 for Snow Removal and no subtractions be granted, appropriated and assessed for the several purposes designated, making a total budget of \$3, 047, 526. 17 and that the same be expended only for the purposes shown under the respective boards, committees and officers of the Town; and that

* All employees in the Town Office Building, other than elected officials and those of the Police and Fire Departments, come under the supervision of the Executive Secretary and that he be charged with the operation of both Town Office Buildings and their equipment;

The operation of the dump be under the supervision of the Highway Department;

The money from Dog Taxes be allocated in its entirety to the Library;

The Senior Public Health Nurse, Public Health Nurses #II, and Nursing Assistants be under the supervision of the Board of Health;

The funds provided for under Fire Department, Call Men--Night Duty, be used only under the following conditions: \$500.00 annually to Call Men who serve on the night shift, 6:00 P. M. to 7:00 A. M. fifty nights a year. This is done with a view to maintaining the number of men in the call department;

**

(The maker of the Motion, Mr. Morgan, omitted the detail between * and ** above, since it followed exactly the recommendations in the Finance Committee's Report on p. 34, accompanying the Warrant for this Meeting, by unanimous consent of the Meeting).

The appropriation under Highway Department for "Heavy Equipment -Special Account", Fire Department for "Purchase - Major Equipment", and Conservation Commission for "Conservation Fund" be maintained as funds against future purchases and not be expended without further direct vote of the Town;

*** The gifts to the Library, acceptance of which is provided for under Article 12, be made available for expenditures along with other amount appropriated by the Town under the budget for the general expenses of the Library;

The Town Collector continue to act as Collector for the Water Department, that he be directed to charge fees for demands on overdue water bills and that the sums so collected be credited by the Collector to the Water Department, and that all fees and penalties be turned over

to the Town as Town Income;

The appropriation for "Hydrant Rental" of \$10,000 for the Water Department, granted in the budget, be transferred to "Water Available Surplus";

The office of the Town Clerk be retained on a salary basis and that all fees from whatever source derived be turned over to the Town as Town Income;

The Assessor's Valuation Book printed in '61 continue to be made available, one to a taxpayer, upon his request and calling for it at the Town Office Building;

(Mr. Morgan also omitted to read the detail between *** and **** in the same manner as the previous omission).

In addition to the sum of \$1,500 included in the budget to meet the Town's share of "Chapter 90 - Maintenance" and \$6,700 to meet the Town's share of "Chapter 90 - New Construction", the sum of \$3,000 for "Chapter 90 - Maintenance" and \$20,100 for "Chapter 90 - New Construction" be transferred from "Unappropriated Available Funds" in the Treasury to meet the County's and State's share of the cost of the work, the reimbursement from the County and State to be restored upon their receipt to "Unappropriated Available Funds" in the Treasury;

The Town Engineer be appointed by the Selectmen, after consultation with representatives of the Road Commissioners, Planning Board and Board of Assessors, and be under the supervision of the Selectmen; and that after appointment of a Town Engineer all amounts appropriated for engineering be applied for salary and expenses of the Town Engineer except to such extent as they may be needed to pay obligations incurred before such appointment.

The Moderator invited a perusal of the Finance Committee Budget at this point and offered an opportunity to questions and comments, as well as Motions of Amendment to various parts of the Budget, which were as follows:

Upon a Motion, duly seconded, of Mr. Garret F. Ziffer "To delete Item #33 on p. 37 for a Wage and Salary Consultant" it was VOTED: In the Negative.

Upon a Motion, duly seconded, of Mr. John R. McEnroy, "To reduce Item #53 on p. 38 (for the Conservation Fund) from \$12,000.00 to \$2,000.00" it was VOTED: In the Negative.

Upon a Motion, duly seconded, of Mr. Michael W. Dix, "To delete Item #19 under Health on p. 41, provided for Mosquito Control" it was VOTED: In the Negative.

Upon a Motion, duly seconded, of Mr. McEnroy, "To delete Item #2 under Highway and to increase Item #3 under same to \$7,455.87" it was

VOTED: In the Negative.

Upon a Motion of Mr. Morgan, duly seconded, it was

VOTED: That when this meeting is adjourned, it be adjourned to meet again at 7:45 P. M. on Monday, March 11, 1963, in the Field House, the new High School.

Duly seconded, Mr. Randall C. Redpath offered the following MOTION; To amend the main Motion, in reference to Item #9 on p. 49 (Unclassified - Insurance - General) by adding the words, "Provided that the purchase of all insurance by the Town of Wayland be by competitive bidding procedures."

This Motion was still under discussion, had not yet been voted upon, when:

Upon a Motion of Mr. McEnroy, duly seconded, "To adjourn the Meeting in accordance with the previous vote on Mr. Morgan's Motion --until next Monday evening" it was

VOTED: First vote (voice) was in the Negative, and so declared by the Moderator.

The second vote (standing, uncounted vote) was very close; and the Moderator, therefore called for a

COUNTED Standing Vote: "Yes" 139 "No" 128

The Meeting was adjourned at 11:00 P. M.

A True Copy,

Attest:

LEILA SEARS,
Town Clerk of Wayland

VOTES ENACTED AT
THE ADJOURNED ANNUAL TOWN MEETING
HELD: MONDAY, MARCH 11, 1963

Town Clerk's Office
Wayland, Massachusetts

Roger P. Stokey, Moderator:--

Pursuant to the Warrant for the 1963 Annual Town Meeting, duly signed by the Selectmen, served and return of service given by a Constable, and a continuance being held in accordance with a vote taken at the March 6th session of said Annual Town Meeting, the inhabitants of the Town of Wayland qualified to vote in Town Meeting, met this day; and at 7:45 P. M. the Moderator called the meeting to order, declared a quorum to be present, and the meeting proceeded to transact the following business:

The Moderator re-read Mr. Redpath's Motion of Amendment, re: Providing that all insurance for the Town be based upon competitive bid.

Upon Motion of Mr. Robert M. Morgan, duly seconded, it was VOTED: That Mr. Redpath's motion be amended by addition of: "if in the opinion of the Selectmen it is desirable, after a careful review of the fire insurance rating history of the Town, and after due consideration of all factors bearing on the matter fully taking into account the service to be rendered to the Town."

The first vote (voice) was declared in doubt.

The second vote (standing, uncounted) was in favor.

Upon Mr. Redpath's Motion (subject to the above), it was

VOTED: First vote (voice) was declared in doubt. Second vote, a standing, uncounted vote, was declared in favor of the Motion.

Upon Motion, duly seconded, of Mr. Ralph S. Blanchard, To amend the paragraph in the Budget Motion, relating to a Town Engineer by inserting after the words "Town Engineer" the words, "who shall be a registered professional civil engineer, as well as a registered land surveyor" it was

VOTED: First vote (voice) declared in doubt.

Second vote (standing, uncounted) declared in Negative was doubted by seven persons; and then there was a Standing

COUNTED VOTE: "Yes" 180 "No" 239

A Motion of Mr. Redpath, "To appropriate \$100,000.00 from Excess and Deficiency to reduce the burden of the budget upon the tax rate". . . was ruled out of order, as being appropriate under Article 46, rather than Article 4.

Upon the Main Motion of Mr. Morgan, (subject to the foregoing amendments) it was

VOTED: In favor.

Article 5. To see if the Town will vote to fix the salary and compensation of all elective officers of the Town, as provided by the General Laws (Tercentenary Edition), Chapter 41, Section 108, and set the effective date of such salary and compensation.

Upon Motion, duly seconded, of Mr. Steven Allen, it was
VOTED: That, when this meeting adjourns, it adjourn to Wednesday evening, March 13, at 7:45 P. M. in the same location.

Duly seconded, a Motion was offered: That no new Article be taken up after 10:30 P. M.

Duly seconded, Mr. Morgan offered an amendment to this Motion, "To change the hour named in the motion to 11:00 P. M."

Mr. Clifford A. Goodnoh offered another amendment: To change the hour to 10:00 P. M., BUT this was ruled out of order because the Moderator felt that it was too complicated to allow too many amendments upon amendments on the floor at one time.

Upon Mr. Morgan's amendment, it was
VOTED: In favor.

Upon the Main Motion, (subject to Mr. Morgan's amendment), it was
VOTED: In favor.

Upon Motion of Mr. James D. Wells, duly seconded, it was
VOTED: That the Town fix the salary and compensation of all elective officers of the Town, as voted under Article 4, the effective date of such salary and compensation to be from January 1, 1963.

Article 6. To see if the Town will authorize the Treasurer, with the approval of the Board of Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than a year, in accordance with Section 4, Chapter 44, General Laws.

Upon Motion of Mr. Wells, duly seconded, it was
VOTED: That the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than a year, in accordance with Section 4, Chapter 44, General Laws.

A Motion of Mr. Richard Cormier: Describing a system of voluntary pre-payment of taxes, etc. to make the borrowing, permitted by this article, unnecessary; and suggesting a resulting saving to the taxpayer. . . . WAS RULED OUT OF ORDER by the Moderator, as being beyond the scope of the language of the Article.

Article 7. To see if the Town will vote to authorize the Board of Selectmen to sell, or otherwise dispose of the following:

- (1) The Police Department's present two 1962 Chevrolet station wagons, in connection with the purchase of two new station wagons;
- (2) The Fire Department's present 1959 Ford station wagon in connection with the purchase of a new station wagon;
- (3) The Highway Department's present 1954--4-1/2 ton International Dump Truck, present 1955--4-1/2 ton International Dump Truck and 1957--1/2 ton Chevrolet pick-up truck, all in connection with the purchase of three new trucks;
- (4) The Water Department's present 1961--1/2 ton Chevrolet pick-up truck in connection with the purchase of one new pick-up truck;

or take any action relative thereto.

Upon Motion of Mr. Wells, duly seconded, it was

VOTED: That the Town authorize the Board of Selectmen to sell or otherwise dispose of the property described in the Article, in each instance in the manner described.

Upon a Motion of Mr. Redpath, duly seconded, "To consider Article 46 out of order, at this time" it was

VOTED: In the Negative.

Article 8. To see if the Town will appropriate sums of money for the Water Department, determine whether the money shall be provided for by appropriation from available funds in the Treasury, by taxation and/or by borrowing; or take any action relative thereto.

Upon Motion of Mr. Roger E. Ela, duly seconded, it was

VOTED: That the Town appropriate the sum of \$149,065.77 for the following purposes and that to meet the appropriation, the sum be taken from "Water Available Surplus":

(1)	Water Coupon Notes, Bonds, and Registered Notes maturing in 1963--Payment of Principal	\$21,500.00
(2)	Water Coupon Notes, Bonds and Registered Notes--Payment of Interest	3,876.25
(3)	Water Department--Maintenance:	
	Salaries:	
	Superintendent	\$7,715.05
	2nd Man	5,727.90
	3rd Man	5,259.10
	Labor	18,000.00
	Town Office	<u>8,087.47</u>
		44,789.52
	Appropriation	40,000.00
	Equipment--new 1/2 ton truck	900.00
(4)	Water Main Extensions--Refund Account	5,000.00
(5)	Water Main Extensions--Deposit Account	5,000.00
(6)	Water Main Extensions--	
	(a) Old Connecticut Path--to Standpipe Road	20,000.00
	(b) White Road	<u>3,000.00</u>
		23,000.00
(7)	Garage and Storage Building--Construction	5,000.00
		<u>\$149,065.77</u>

A Motion of Mr. Cormier: To return to Article 1 to consider his previous motion. . . . was withdrawn, when it was pointed out that Article 1 had been postponed and had not yet been acted upon.

Article 9. To see if the Town will vote to authorize the Water Commissioners to use the balance in the account "Water Department Garage and Storage Building" for Garage Construction purposes; or take any action relative thereto.

Upon Motion of Mr. Ela, duly seconded, it was

VOTED: That there be appropriated the sum of \$46,436.04 for the construction and original equipping of a Water Department Garage and Storage Building on land now owned by the Town at Baldwin's Pond, and to meet such appropriation there be transferred from "Garage and Storage Building--Construction" account the sum of \$46,436.04; that the Water Commissioners be authorized and directed to enter into all necessary contracts and agreements for the architectural and engineering work, construction, equipping and site preparation for such building.

Article 10. To see if the Town will vote to appropriate and assess a sum of money for the reconstruction and improvement of Chapter 90 Roads, said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, the work to be done under the supervision of the Road Commissioners; or take any action relative thereto.

Upon Motion of Mr. William A. Loker, duly seconded, it was VOTED: That the Town appropriate and assess the sum of \$6,700 for the reconstruction and improvement of Old Connecticut Path, said money to be used in conjunction with whatever money may be extended by the County or State, or both for this purpose, the work to be done under the supervision of the Road Commissioners, with the limitation that no more than \$1.00 of Town money be expended for each \$1.00 of County money and \$2.00 of State money.

Article 11. To see if the Town will vote to authorize the Board of Selectmen to engage the services of a professional consulting firm to make a survey and evaluation of the Town's "Wage and Salary Classification Plan" with a final report of recommendations etc. being submitted to the Board of Selectmen; and to raise and appropriate a sum of money for same; or take any action relative thereto.

Upon Motion of Mr. Wells, duly seconded, it was VOTED: That the Selectmen, with the approval of the Personnel Board, be authorized to engage the services of a professional consulting firm to make a survey and evaluation of the Town's Wage and Salary Classification Plan, such services to include the making of a final report with recommendations, and that the sum of \$1,500, provided in the budget, be used therefor.

Article 12. To see if the Town will vote to accept various conveyances, gifts, and devises to the Town; or take any action relative thereto.

Upon Motion of Mr. Morgan, duly seconded, it was VOTED: Unanimously: That consideration of Article 12 be deferred until the meeting has acted upon and disposed of Article 45.

Article 13. To see if the Town will vote to authorize the appropriation or transfer from available funds of a sum of money for the purchase of:

- (1) A new Fire Department pumping engine and
- (2) A new front-end loader for the Highway Department;

or take any action relative thereto.

Upon Motion of Mr. Morgan, duly seconded, it was

VOTED; Unanimously: That (1) the Chief of the Fire Department, with the approval of the Selectmen, be authorized to purchase a new fire truck equipped with a 750-gallon per minute pump engine and that the sum of \$18,000 therefor be transferred from "Fire Department-Purchase - Major Equipment" and that (2) the Highway Commissioners, with the approval of the Selectmen, be authorized to purchase a new front-end loader for the Highway Department and that the sum of \$22,000 therefor be transferred from "Heavy Equipment - Special Account".

Article 14. To see if the Town will vote to authorize the Board of Selectmen to purchase, take by eminent domain, gift, or otherwise, for water purposes, land shown on Plates No. 3 and No. 4 of the Town Atlas and described as follows:

A certain parcel of land situated in Wayland and shown on plan entitled "Plan of Land in Wayland, Mass., by Everett M. Brooks Co., C. E., dated December 12, 1962" and containing 25.4 acres of land, more or less, according to said plan. Said parcel of land being bounded in part by land now or formerly of Leary and Riley, Sudbury Valley Trustees, Inc., Farina, Denio, Kerr and Zearfoss, and lying northerly of Oxbow Road and easterly of Campbell Road;

and to raise, appropriate or transfer, a sum of money from Water Available Surplus; or take any action relative thereto.

Upon Motion of Mr. Ela, duly seconded, it was

VOTED: Unanimously: That the Selectmen, with the approval of the Town Counsel, be authorized on behalf of the Town to purchase, take by eminent domain, gift or otherwise, for Water Department purposes, a certain parcel of land shown on a plan entitled "Plan of Land in Wayland, Mass. Taken for Water Department Purposes", dated December 12, 1962, Revised March 4, 1963, by Everett M. Brooks Company, and bounded and described as follows:

NORTHERLY	by land of Kerr and Denio five hundred seventy-nine (579) feet more or less;
EASTERLY	by land of Denio three hundred ninety (390) feet;
NORTHERLY	by land of Denio four hundred forty-five (445) feet;

EASTERLY	by land of Sudbury Valley Trustees Inc. , two hundred sixty (260) feet more or less;
SOUTHERLY	by land of Leary and Riley in two courses totaling one thousand two hundred fifteen (1,215) feet more or less;
WESTERLY	by land of Zearfoss six hundred ten (610) feet more or less;
SOUTHERLY	by land of Zearfoss two hundred eighty (280) feet more or less;
WESTERLY	by Lot 14 and part of Lot 5 one hundred forty-three and 57/100 (143. 57) feet;
NORTHERLY	by land of Kerr two hundred twenty-eight (228) feet;
NORTHWESTERLY	by land of Kerr five hundred two and 46/100 (502. 46) feet

containing 22.1 acres more or less, and subject to a 20 foot wide drain easement as shown on the above-mentioned plan; and a 50 foot wide easement over land of Kerr as shown on the above-mentioned plan; and that there be appropriated and transferred from "Water Available Surplus" therefor the sum of \$18,000. 00.

Article 15. To see if the Town will vote to purchase for cemetery purposes a certain parcel of land situated in Wayland and shown on a plan entitled "Subdivision of Land of John C. and Lorraine L. Bryant off Pemberton Road in Wayland, Mass., by McCarthy Engineering Service, dated November 6, 1961" as Lots 3A, 7, 8, 6, part of Lot 5 and a part of Pemberton Circle, and bounded and described as follows:

Commencing at a point SOUTH 17° 28' 50" WEST and distant 58 feet from a stone bound on the Southerly side of Shawmut Avenue Extension; thence running in said direction by land of the Town of Wayland 263.69 feet to a stone bound; thence running

SOUTH 86° 40' 00" EAST a distance of 328.80 feet to the dividing line between Lots 5 and 6 on said Plan; thence running

NORTHEASTERLY to a stone bound situated within Pemberton Circle; thence running

NORTH 17° 02' 00" EAST to the Northerly sideline of Pemberton Circle, at its intersection with the dividing line between

Lots 3 and 3A as shown on said plan; thence continuing in the same direction 103.06 feet to land of Henry J. and Mary E. Fontneau; thence running

NORTH 86° 57' 00" WEST by land of said Fontneau and by land of Leland M. and Frances M. Archibald a distance of 348.24 feet to the point of beginning, subject to a Drain Easement shown on said plan;

and appropriate and assess or transfer from available funds a sum of money; or take any other action relative thereto.

Upon Motion of Mr. Francis A. Fisher, duly seconded, it was VOTED: Unanimously: That the Selectmen, with the approval of the Cemetery Commissioners and the Town Counsel, be authorized to purchase for cemetery purposes the parcel of land described in the article, and that for such purpose there be appropriated and transferred from "Cemetery--Sale of Lots" the sum of \$10,500.

Article 16. To see if the Town will vote to authorize the Board of Selectmen, with approval of the Board of Park Commissioners, to grant a drain easement to John C. Bryant and Lorraine L. Bryant, in land shown on "Plan of Land In Wayland, Mass. dated November 2, 1962, by MacCarthy Engineering Service, Inc.", Civil Engineers, as a 20' wide drain easement; or take any action relative thereto.

Upon Motion of Mr. Fisher, duly seconded, it was VOTED: That the article be passed over.

Article 17. To see whether the Town will vote to authorize the Conservation Commission to expend the sum of \$10,000 from the Conservation Fund under Clause 51 of Section 5 of Chapter 40 of the Massachusetts General Laws for the purchase of the parcel of land with the buildings thereon having an area of about 11.2 acres now or formerly owned by Rosalthe W. Picard at the intersection of Main Street and Mathews Drive in Cochrane, subject to life estates for Rosalthe W. Picard and Frederick Picard for the dwelling and a portion of the land contained in said premises; or take any action relative thereto.

Upon Motion of Mr. Edward C. Mendler, duly seconded, it was VOTED: Unanimously: That consideration of Article 17 be postponed until after disposal of Articles 45 and Article 12.

Article 18. To see if the Town will vote to authorize the Board of

Selectmen to purchase, take by eminent domain, gift, or by other means on behalf of the Town of Wayland for use in connection with the Town dump, a certain parcel of land consisting of one acre more or less with buildings thereon, shown on Plate No. 22 of the Town Atlas as 482 Boston Post Road and shown on a plan entitled, "Plan of Land in Wayland, Mass." and dated December 12, 1962, by Everett M. Brooks Co. Civil Engineers, and to raise and appropriate a sum of money therefor; or take any action relative thereto.

Upon Motion of Mr. Morgan, duly seconded, it was

VOTED: Unanimously: That the Board of Selectmen, with the approval of the Town Counsel, acquire by purchase, eminent domain, gift or other means, on behalf of the Town of Wayland for use in connection with the Town dump, a certain parcel of land shown on a plan entitled "Plan of Land in Wayland, Massachusetts, Taken for General Town Purposes", dated December 12, 1962, by Everett M. Brooks Company and bounded and described as follows:

SOUTHERLY	by the Northerly sideline of Boston Post Road by three courses totaling one hundred ninety-eight and 45/100 (198.45) feet more or less;
WESTERLY	by land of Boston Edison Company one hundred eighty (180.00) feet;
NORTHERLY	by land of Boston Edison Company two hundred sixty-eight (268) feet more or less;
EASTERLY	by land of Clifford and Richardson in two courses totaling two hundred sixteen (216) feet more or less;

containing 1.0 acres more or less, in all; and that there be appropriated and assessed therefor the sum of \$3,000.00.

Article 19. To see if the Town will vote to accept as Public Town Ways and to construct the roads known as (1) Bent Avenue, George Street, Cottage Street, and Bent Avenue Extension; (2) Rolling Lane, (3) Trinity Place, (4) Dudley Road; or any of them, or a portion or portions thereof, as laid out by the Board of Selectmen, and as shown on Plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire the necessary land, including easements for drainage, by purchase, gift, eminent domain or otherwise; to appropriate and assess a sum of money for the acquisition of such land or any portion thereof, the construction of such ways, and for other costs in connect-

ion therewith, with betterments to be assessed under the Betterment Act; or take any action relative thereto.

Upon Motion of Mr. Morgan, duly seconded, it was

VOTED: Unanimously: That the Town dispense with the reading of the Order of Laying-out of the Board of Selectmen, in connection with this Article.

Duly seconded, Mr. Morgan offered the following

MOTION: That the Town accept the Laying-out as public town ways:

(a) Bent Avenue as described in the Order of Laying-out of the Board of Selectmen dated February 25, 1963, and as shown on a plan entitled "Plan and Profile of Bent Avenue in Wayland, Mass., dated February 2, 1961, Everett M. Brooks Company, Civil Engineers, Newtonville, Wayland and West Acton, Mass." on file with the Town Clerk.

(b) George Street as described in Order of Laying-out of the Board of Selectmen dated February 25, 1963, and as shown on a plan entitled "Plan and Profile of George Street in Wayland, Mass., dated December 12, 1962, by Everett M. Brooks Company, Civil Engineers, Newtonville, Wayland and West Acton, Mass." on file with the Town Clerk.

(c) Cottage Street as described in the Order of Laying-out of the Board of Selectmen dated February 25, 1963, and as shown on a plan entitled "Plan and Profile of Cottage Road in Wayland, Mass., dated December 12, 1962, by Everett M. Brooks Company, Civil Engineers, Newtonville, Wayland and West Acton, Mass." on file with the Town Clerk.

(d) Bent Avenue Extension as described in the Order of Laying-out of the Board of Selectmen dated February 25, 1963, and as shown on a plan entitled "Plan and Profile of Bent Avenue Extension in Wayland, Mass., dated December 12, 1962, Everett M. Brooks Company, Civil Engineers, Newtonville, Wayland and West Acton, Mass." on file with the Town Clerk;

and that the Board of Selectmen be authorized to acquire all necessary land including drainage and slope easements as shown on said plans, by purchase, gift, eminent domain or otherwise; and that there be appropriated and assessed therefor the sum of \$1,000.00 for the acquisition of such land for the construction of such ways and for other costs in connection therewith; and that betterments be assessed under Chapter 80 of the General Laws in accordance with the Order of Laying-out.

Duly seconded, Mr. Blanchard offered a

MOTION: To delete the \$1,000.00 called for in Mr. Morgan's Motion, and substitute therefor the amount of \$25,000.00.

There being some question as to whether the course of the proposed Bent Avenue Extension would cause undue hardship to an abutter, who was away at this time, Mr. Redpath proposed a

MOTION: To defer action upon this portion of the Motion, until a later session of this meeting, in the hope that an engineer might clear up the problem.

The Town Counsel ruled Mr. Redpath's Motion out of order, pointing out that the description of a land-taking could not be altered after the Selectmen's Order of Laying-out had been properly filed in connection therewith; the description would have to be voted upon as it stood, either for or against.

The Moderator ruled the Motion out of order.

Upon a Motion of Mr. George H. Robinson, duly seconded, "The previous question". . . first three votes were not unanimous.

Upon COUNTED VOTE: "Yes" 335 "No" 24

Upon Mr. Blanchard's Motion of Amendment, it was VOTED: In the Negative.

Upon Mr. Morgan's (Main) Motion, it was VOTED: First two votes were not unanimous; but then there was

a

COUNTED VOTE: "Yes" 210 "No" 87

The required 2/3rd vote was declared to have carried.

Upon a Motion of Mr. Morgan, duly seconded, it was

VOTED: Unanimously: That the Town accept the Laying-out as a public town way of Rolling Lane as described in the Order of Laying-out of the Board of Selectmen dated February 25, 1963, and as shown on a plan entitled "Plan and Profile of Rolling Lane in Wayland, Mass., dated December 12, 1962, Everett M. Brooks Company, Civil Engineers, Newtonville, Wayland and West Acton, Mass." on file with the Town Clerk; that the Board of Selectmen be authorized to acquire all necessary land including drainage and slope easements, as shown on said plan, by purchase, gift, eminent domain or otherwise; and that there be appropriated and assessed the sum of \$9,700 for the acquisition of such land, for the construction of such way and for other costs in connection therewith; and that betterments be assessed under Chapter 80 of the General Laws in accordance with the Order of Laying-out.

A question was raised as to the propriety of the meeting, in view of the fact that the Warrants had been distributed as late as they were.

The Town Counsel, Mr. Kilburn, ruled upon this, stating the opinion that, while some Warrants had been late, most had been delivered in plenty of time; that attested copies of the Warrant had been posted by a Constable of the Town, as required by Town By-Law, which would be sufficient to validate the actions of this Meeting.

Article 20. To see if the Town will vote to authorize the Board of Selectmen to install Water Pipes and Hydrants in the ways known as (1) Bent Avenue, (2) George Street, (3) Cottage Street and (4) Bent Avenue Extension, or any portions thereof, and to appropriate and assess or transfer from Available Funds a sum of money for the expense of installation of pipes and hydrants, and other materials and other expenses thereof, with betterments to be assessed in accordance with Provisions of General Laws (Ter. Ed.) Chapter 40, Section 42 G through 42I; or take any action relative thereto.

Duly seconded, Mr. Morgan offered the following

MOTION: That the Water Commissioners and the Board of Selectmen be authorized to install water pipes and hydrants in the ways known as (1) Bent Avenue, (2) George Street, (3) Cottage Street and (4) Bent Avenue Extension; and that there be appropriated the sum of \$19,000, \$14,000 to be raised and assessed and \$5,000 to be transferred from the amount previously set aside in the account, "Street Betterments - Construction - Bent Avenue", the entire sum to be expended for the installation of water pipes and hydrants and other materials and other expenses thereof, with betterments to be assessed in accordance with provisions of the General Laws (Ter. Ed.) Chapter 40, Section 42 G through 42 I.

Upon Motion of Mr. Frank A. Smith, "The Previous Question" the First Vote gave a scattering of No's--the Second

VOTE: Unanimously in favor.

Upon Mr. Morgan's Motion, it was

VOTED: In favor.

In accordance with a previous vote, the Meeting returned to Article I. To hear the reports of the Town Officers, Agents and Committees and act thereon.

Mr. John B. Wilson read the report of the School Building Committee, which: 1. Noted the virtual completion of the Claypit Hill School Addition, with \$30,000 in unused funds remaining, (recommended the transfer of such funds to Loker School addition); 2. Loker School Addition expected to be ready for use in September 1963;

3. Senior High School--while still some problems remain to be ironed out, it was pointed out with some gratification, that aggregate of extras on this sizable and complex project, had been only a little more than 2% of the original contract price. Projected plans for the future include probable need for additional class rooms by September, 1965, and recommendations in this connection are to be expected at the next Town Meeting. The Committee expressed appreciation of services of former Supt. Edward J. Anderson and Acting Supt. Richard Lavin, and welcomed the new Supt., R. Bruce McGill, each of whom had served in turn, as Secretary to the Committee.

Upon a Motion of Mr. R. L. Franceschi, duly seconded, it was VOTED: To adjourn the Meeting, in accordance with a previous motion to Wednesday evening, March 13, 1963, at 7:45 P. M. in the High School Field House.

This was at 10:50 P. M.

A True Copy,

Attest:

LEILA SEARS
Town Clerk of Wayland

VOTES ENACTED AT
THE ADJOURNED ANNUAL TOWN MEETING

HELD: WEDNESDAY, MARCH 13, 1963

Town Clerk's Office
Wayland, Massachusetts

Roger P. Stokey, Moderator:--

Pursuant to the Warrant for the 1963 Annual Town Meeting, duly signed by the Selectmen, served and return of service given by a Constable of the Town; and a continuance being held in accordance with vote taken at the March 11, 1963, session of said Annual Town Meeting, the inhabitants of the Town of Wayland qualified to vote in Town Meeting, met this day; and at 7:50 P. M. the Moderator called the meeting to order, declared a quorum to be present, and the meeting proceeded to transact the following business:

Article 1. (Continued)

Mr. Theodore R. Magoun pointed out that the report of the Recreation Advisory Committee was to be found in the Annual Town Report; and he then offered, duly seconded, the following

MOTION: That the Recreation Advisory Committee be continued in existence for further study. Upon this, it was

VOTED: In favor.

Mr. William C. Moyer, Chairman, read the Report of the Committee to Oppose Overhead High Tension Lines, which was placed on file with the Town Clerk, along with a copy of the corresponding report of the Sudbury Committee, which had worked in cooperation with the Wayland Committee; and with a copy of House Bill No. 781 which had been filed by Rep. James DeNormandie upon the petition of the Wayland Town Counsel.

Upon a Motion of Mr. Moyer, duly seconded, it was

VOTED: That the Committee Opposing Overhead High Tension Lines be continued in existence for another year, and that it be instructed to submit a report at the next Annual Town Meeting.

Upon a Motion of Mr. Charles H. Peters, duly seconded, it was

VOTED: That in the future, the School Building Committee's Annual Report be printed in the Town Report and that the reading of this Annual Report be dispensed with at the Annual Town Meeting.

Mr. Harvey C. Newton, Chairman, read the Report of the Wayland

Redevelopment Authority, which: Cited approval by the Federal Government on March 1, 1963, of its Planning and Survey Application; pointed out the outlook of the Board as aiming to conserve and improve the area in question, rather than attempting to tear down; stated that about one quarter of the \$122,929 now available for use by the Authority would be needed for the detailed study of the Dudley Pond Area; the remaining three-quarters to be kept for use when and if resulting plans were accepted by the Federal Government, the residents of the area, and the townspeople. It was expected that the Study would take about 6-8 months to complete.

A Motion of Mr. Clifford A. Goodnoh, "That it be the sense of the meeting, that the Report of the Redevelopment Authority not be included in the Town Report", it was

VOTED: In the Negative.

Upon a Motion of Mr. Morgan, duly seconded, it was

VOTED: That the Committee on Town Government, the Beach Study Committee and the By-Pass Committee be continued for another year; and that their reports, appearing in the Annual Town Report, be accepted.

Upon a Motion of Mr. Magoun, duly seconded, it was

VOTED: That the Annual Report of the Town for 1962 be received with thanks, by the Town.

Upon a Motion, duly seconded, of Mr. Richard Cormier:

"That it be the sense of the meeting that the Board of Selectmen consider preparing pre-printed letters which can be used by the taxpayers of Wayland to instruct their banks to pay to the Tax Collector of the Town of Wayland all property tax monies deposited in their tax account on March 31; the pre-printed letter should be complete and require only the following to be filled in by the taxpayer: (1) Name and address of bank; (2) Taxpayer's signature; The Town of Wayland will mail no later than April 1, 1963, for 1963, and no later than March 15 each year thereafter a letter of explanation with two (2) of these pre-printed letters to every taxpayer for his use in instructing his bank; and

Further, that the Town of Wayland authorize each property taxpayer paying his property tax in accordance with the foregoing to deduct a total of twenty-five cents (.25¢) from his final tax bill, to offset any potential bank charges for the added services."

This was,

VOTED: In the Negative.

Another Motion of Mr. Cormier, "That the Town petition the Legislature to require the Town of Wayland to permit and provide for semi-annual collection of taxes" was ruled out of order, as being "fatally vague".

An attempt to rephrase such a motion was challenged by Mr. Ela, who pointed out that, since no committee had been appointed to report on this question, the entire matter would be out of order. This challenge was honored by the Moderator, who also ruled the matter out of order at this time.

Article 2. To choose all necessary Town Officers, Agents and Committees not elected by the official ballot.

Upon a Motion of Mr. Magoun, duly seconded, it was

VOTED: Unanimously: That the Trustees of the Allen Fund be:

John Bryant

Benjamin W. Johnson, III

George W. Shepard

who shall continue to serve as Trustees of that Fund;

That the Selectmen act as Fence Viewers;

That the Constables act as Field Drivers;

That the following persons shall serve as Measurers of Wood and Bark:

Robert L. Davis

Thomas F. Linnehan

Arthur F. Marston

Surveyors of Lumber:

Thomas F. Linnehan

Arthur F. Marston;

and

That the Memorial Day Committee be appointed by the Moderator in accordance with the vote made at the 1958 Annual Town Meeting.

Upon a Motion, duly seconded, of Mr. John W. Arnold, "That the meeting return to Article 3 (for the purpose of reconsidering the addition of the Water Superintendent to the list of those to receive a 10% raise)" it was

VOTED: In the Negative.

Upon a Motion of Mr. Garret F. Ziffer, duly seconded, by Mr. Morgan, "To take up Article 46 at this time" it was

VOTED: First vote (voice) was declared in doubt;

Second vote (standing, uncounted) showed a substantial number in favor, but the 2/3rd count was still unclear.

COUNTED VOTE: "Yes" 268 "No" 80

Article 46. To see what sum, if any, the Town will vote to transfer from available funds to meet any of the appropriations made under the foregoing articles.

Upon a Motion of Mr. Morgan, duly seconded, it was
VOTED: To pass over the Article.

Article 21. To see if the Town will vote to accept as a Public Town Way, the relocation of a portion of the road known as Cochituate Road, as laid out by the Board of Selectmen and as shown on plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire the necessary land, including easements for drainage and slope, by purchase, gift, eminent domain or otherwise; to appropriate and assess a sum of money for the acquisition of such land or any portion thereof and for other costs in connection therewith; or take any action relative thereto.

Upon a Motion of Mr. William A. Loker, duly seconded, it was
VOTED: Unanimously: That the Town dispense with the reading of the Order of Laying-out of the Board of Selectmen, in connection with this article.

Duly seconded, Mr. Loker offered the following

MOTION: That the Town accept the Laying-out as a public Town way the relocation of a portion of Cochituate Road as described in the Order of Laying-out of the Board of Selectmen dated February 25, 1963, and as shown on a plan entitled "Relocation of a Section of Route 126 in Wayland, Mass., dated December 28, 1962, MacCarthy Engineering Service, Inc., 200 West Central Street in Natick, Mass.", on file with the Town Clerk; that the Board of Selectmen be authorized to acquire the necessary land, including easements for drainage and slope, as shown on said plan, by purchase, gift, eminent domain or otherwise; and that there be appropriated and assessed the sum of \$3,000 for the acquisition of such land, for the construction of such way and for other costs in connection therewith.

A Motion offered by Mr. Blanchard, "To amend this Motion by providing that Chapter 90 funds be used in connection with the project referred to in this Article" was RULED OUT OF ORDER because of vagueness of the wording.

Upon Mr. Loker's Motion, it was
VOTED: Unanimously: In favor.

Article 22. To see if the Town will vote to accept as a Public Town Way, the relocation of the road known as Stonebridge Road, or a portion or portions thereof, as laid out by the Board of Selectmen, and as shown on a plan on file with the Town Clerk, to authorize the Board of Selectmen to acquire the necessary land, including easements for drainage and slope, by purchase, gift, eminent domain or otherwise; to appropriate and assess a sum of money for the acquisition of such land or any

portion thereof; and for other costs in connection therewith, without any appropriation of money for construction of said road under the Betterment Act or otherwise; or take any action relative thereto.

Upon a Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Town dispense with the reading of the Order of Laying-out of the Board of Selectmen, in connection with this Article.

Duly seconded, Mr. Loker offered the following

MOTION: That the Town accept the Laying-out as a public Town way the relocation of Stonebridge Road as described in the Order of Laying-out of the Board of Selectmen dated February 25, 1963, and as shown on a plan entitled "Plan of Land in Wayland, Mass., showing the Relocation and Widening of a Part of Stonebridge Road, dated April 30, 1958, by Everett M. Brooks Co., Civil Engineers", on file with the Town Clerk; that the Board of Selectmen be authorized to acquire the necessary land, including easements for drainage and slope, as shown on said plan, by purchase, gift, eminent domain or otherwise; and that there be appropriated and assessed the sum of \$1,000 for the acquisition of such land, for the construction of such way and for other costs in connection therewith.

Mr. Blanchard challenged the phrase in the foregoing Motion, pointing out that the Warrant Article expressly had stated, "without any appropriation for construction". Accordingly, the phrase in question was deleted from the Motion, with the unanimous consent of the Meeting.

Upon Mr. Loker's Motion, as corrected, it was

VOTED: Unanimously: In favor.

Article 23. To see if the Town will authorize the Board of Selectmen to acquire by purchase or gift from the Metropolitan District Commission, a parcel of land on Stonebridge Road, as shown on a M. D. C. Plan entitled "Plan of Land in Wayland, Mass.", showing the Relocation and Widening of a Part of Stonebridge Road, dated April 30, 1958, by Everett M. Brooks Co., Civil Engineers; or take any action relative thereto.

In making the following Motion, Mr. Loker, with the unanimous consent of the Meeting, omitted a detailed reading of the description of the parcels of land dealt with in this Article, but the Moderator briefly indicated the areas of land involved in each parcel:

Upon a Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Town authorize the Board of Selectmen to acquire by purchase or gift from the Metropolitan District Com-

mission certain parcels of land on Stonebridge Road, as shown on a M. D. C. Plan entitled "Plan of Land in Wayland, Mass. ", showing the Relocation and Widening of a Part of Stonebridge Road, dated April 30, 1958, by Everett M. Brooks Co., Civil Engineers, and bounded and described as follows:

1.) A certain parcel of land beginning at a point on the Northeasterly sideline of Stonebridge Road at the Southwesterly lot corner of Lot 21 as shown on above-mentioned plan, thence running N 78 27 33 W thirty--nine and 59/100 (39.59) feet; thence turning and running Southeasterly on a curve to the right with a radius of 155.00 feet a distance of thirty-nine and 70/100 (39.70) feet to the point of beginning -- Contains 33 square feet;

2.) A certain parcel of land beginning at a point on the Northerly sideline of Stonebridge Road at the Southeasterly lot corner of land of the Town of Wayland as shown on above-mentioned plan; thence running N 73 56 35 E eight and 16/100 (8.16) feet; thence Northeasterly on a curve to the right with a radius of 281.29 feet a distance of ninety-five and 46/100 (95.46) feet; thence S 78 41 54 W seventy-eight and 67/100 (78.67) feet; thence S 61 37 51 W one hundred eighteen and 79/100 (118.79) feet; thence Northeasterly on a curve to the right with a radius of 1,492.40 feet a distance of ninety-nine and 02/100 (99.02) feet to the point of beginning -- Contains 1,521 square feet;

3.) A certain parcel of land beginning at a point on the South-erly sideline of Stonebridge Road opposite center line station 8 + 62.23 as shown on above-mentioned plan; thence

N 30 33 25 W five (5.00) feet; thence

N 58 56 54 E thirty-five and 22/100 (35.22) feet; thence

N 72 53 40 E fifty-three and 13/100 (53.13) feet; thence

N 78 56 35 W fifty-three (53.00) feet; thence

Southwesterly on a curve to the left with a radius of 343.03 feet a distance of eighty-six and 81/100 (86.81) feet to the point of beginning. Contains 563 square feet;

4.) A certain parcel of land beginning at a point of curvature on the Southwesterly sideline of Stonebridge Road opposite center line station 1 + 61.21 as shown on above-mentioned plan, thence running Westerly on a curve to the left with a radius of 231.29 feet a distance of one hundred sixty-four and 65/100 (164.65) feet; thence

N 77 46 16 E sixty-five and 23/100 (65.23) feet; thence

S 77 30 52 E seventy-one and 70/100 (71.70) feet; thence

S 61 59 55 E fifty-one and 06/100 (51.06) feet; thence

S 38 04 23 W twenty-five and 10/100 (25.10) feet; thence

N 55 06 47 W eight and 88/100 (8.88) feet to the point of beginning. Contains 2,691 square feet;

5.) A certain parcel of land beginning at a point of curvature

on the Southwesterly sideline of Stonebridge Road opposite center line station 1 + 02.02 as shown on above-mentioned plan; thence
N 55 06 47 W fifty and 31/100 (50.31) feet; thence
N 38 04 23 E twenty-five and 10/100 (25.10) feet; thence
S 46 27 04 E one hundred fifty (150.00) feet; thence
S 43 32 56 W ten (10.00) feet; thence Northwesterly on
a curve to the left with a radius of 649.82 feet a distance of ninety-eight and 24/100 (98.24) feet to the point of beginning. Contains 2,301 square feet; and will appropriate and assess therefor the sum of \$50.00.

Article 24. To see if the Town will vote to authorize the Board of Selectmen to convey to the Metropolitan District Commission the parcels shown as "Area Abandoned" 6,226 sq. ft. and 150 sq. ft. totaling about 6,376 sq. ft. on the plan entitled "Plan of Land in Wayland, Mass., showing the Relocation and Widening of a Part of Stonebridge Road" dated April 30, 1958, by Everett M. Brooks Co., Civil Engineers; or take any action relative thereto.

Following the same procedure used in Article 23, Mr. Loker omitted to read the detailed description of the parcels of land dealt with in this Article, when making his Motion; the Moderator having given the stated areas of the respective parcels involved.

Upon Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Town authorize the Board of Selectmen to convey to the Metropolitan District Commission the parcels of land shown as "Area Abandoned" 6,226 sq. ft. and 150 sq. ft. totaling about 6,376 sq. ft. on the plan entitled "Plan of Land in Wayland, Mass., showing the Relocation and Widening of a Part of Stonebridge Road" dated April 30, 1958, by Everett M. Brooks Co., Civil Engineers, and bounded and described as follows:

(1) A certain parcel of land beginning at a point on the northerly sideline of Stonebridge Road at a point of curvature approximately opposite center line station 2 + 98 as shown on the above-mentioned plan; thence NORTHWESTERLY on a curve to the left with a radius of 281.29 feet a distance of four (4.00) feet; thence
N 78 41 54 E sixteen (16.00) feet; thence
S 81 24 23 E fifty-five and 50/100 (55.50) feet; thence
N 85 47 44 W sixty-six and 74/100 (66.74) feet to the point of beginning. Contains 150 square feet.

(2) Also a parcel of land beginning at a point on the Southerly sideline of Stonebridge Road approximately opposite center line station 7 + 17 as shown on above-mentioned plan, thence running:
N 73 56 35 E ninety-seven (97.00) feet; thence
N 80 39 12 E sixty-eight and 47/100 (68.47) feet; thence

N 62 37 56 E forty and 79/100 (40.79) feet; thence
 N 73 56 35 E one hundred twenty-two (122.00) feet;thence
 NORTHEASTERLY on a curve to the right with a radius of 231.29
 feet a distance of forty-one (41.00) feet; thence
 S 77 46 16 W twenty-eight (28.00) feet; thence
 S 61 04 28 W ninety-three and 56/100 (93.56) feet;thence
 S 65 05 43 W seventy-seven and 18/100 (77.18) feet;thence
 S 79 24 46 W fifty-four and 43/100 (54.43) feet; thence
 S 87 51 16 W one hundred twenty-one and 77/100 (121.77)
 feet to the point of beginning. Contains 6,226 square feet, for the
 consideration of \$1.00.

Article 25. To see if the Town will vote to accept as a Public Town
 Way, the relocation of the road known as Loker Street or a portion
 thereof, as laid out by the Board of Selectmen and as shown on plans
 on file with the Town Clerk; to authorize the Board of Selectmen to ac-
 quire the necessary land including easements for drainage and slope,
 by purchase, gift, eminent domain or otherwise; to appropriate and
 assess a sum of money for the acquisition of such land or any portion
 thereof; and for other costs in connection therewith, without any appro-
 priation of money for construction of said road under the Betterment
 Act or otherwise; or take any action relative thereto.

Upon Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Town dispense with the reading
 of the Order of Laying-Out of the Board of Selectmen, in connection
 with this article.

Duly seconded, Mr. Loker offered the following

MOTION: That the Town accept the Laying- Out as a public Town
 way, the relocation of Loker Street as described in the Order of Lay-
 ing-Out of the Board of Selectmen dated February 25, 1963, and as
 shown on a plan entitled "Plan, Profile and Taking Plan of a Part of
 Loker Street, Wayland, Massachusetts", dated January 26, 1962, by
 Everett M. Brooks Co., Civil Engineers, Newtonville, Wayland and
 W. Acton, Mass., on file with the Town Clerk; that the Board of Sel-
 ectmen be authorized to acquire the necessary land, including ease-
 ments for drainage and slope, as shown on said plan, by purchase,
 gift, eminent domain or otherwise; and that there be appropriated and
 assessed the sum of \$1,000. for the acquisition of such land, for the
 construction of such way, and for other costs in connection therewith.

Again Mr. Blanchard challenged the phrase, "for the construction
 of such way"; since the Article in the Warrant had specifically pre-
 cluded any appropriation of money for construction; and again the
 phrase was deleted from the Motion, with unanimous consent of the
 Meeting.

Upon Mr. Loker's Motion, as corrected, it was
VOTED: Unanimously: In favor.

Article 26. To see if the Town will vote to accept as public Town ways the following roads:

(1) Squirrel Hill Road -- from Station 0 + 0 to Station 9 + 0 as shown on "Subdivision Plan of Land in Wayland, Mass., February 28, 1958, by Everett M. Brooks Co., C. E." and on "Subdivision Plan of Land in Wayland, Mass., March 4, 1958, by Everett M. Brooks Co., C. E."

(2) Sears Road -- from Station 24 + 43.93 to Station 42 + 50 as shown on "Subdivision Plan of Land in Wayland, Mass., February 28, 1958, by Everett M. Brooks Co., C. E." and on "Subdivision Plan of Land in Wayland, Mass., February 18, 1960, by Everett M. Brooks Co., C. E."

(3) Cole Road Extension -- from Station 0 + 0 to Station 2 + 50 as shown on "Plan of Land in Wayland, Mass., belonging to William Richards -- June, 1960 by S. & P. Engineering Co., Wayland";

or either of them, or portions thereof, as set forth by the Board of Selectmen and as shown on plans on file with the Town Clerk, and to authorize the Board of Selectmen to acquire any necessary land or interests therein by deed, gift, or eminent domain without any appropriation of money for further construction of such road under the Betterment Act; or take any action relative thereto.

Upon Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Town dispense with the reading of the Order of Laying-Out of the Board of Selectmen, in connection with this article.

Upon Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Town accept as public Town ways Squirrel Hill Road (from Station 0 + 0 to Station 9 + 0), Sears Road (from Station 24 + 43.93 to Station 42 + 50), and Cole Road Extension (from Station 0 + 0 to Station 2 + 50), as described in the Orders of Laying-Out of the Board of Selectmen dated February 25, 1963, and as shown on plans described in the article and on file with the Town Clerk; that the Board of Selectmen be authorized to acquire any necessary land, including easements for drainage, by purchase, gift, eminent domain or otherwise, and that the sum of \$30. be appropriated and assessed for the acquisition of such land and easements and for other costs in connection therewith, without any appropriation of money

for construction of said roads under the Betterment Act, or otherwise,

Article 27. To see if the Town will authorize the Board of Road Commissioners to remove all obstructions to and otherwise improve the free flow of water in Snake Brook from Commonwealth Road to the North Main Street bridge; to transfer, appropriate or borrow money to pay for the same; or otherwise act thereon.

Upon a Motion of Mr. Francis A. Fisher, duly seconded, it was VOTED: That this Article be passed over.

Article 28. To see if the Town will vote to adopt the use of Voting Machines at all Primaries and Elections held in the Town of Wayland; to raise and appropriate a sum of money for the rental and/or purchase of the required number of such machines; to determine how such sum of money shall be raised; or take any action relative thereto.

Duly seconded, Mr. Ela offered the following

MOTION: That a committee of three, consisting of one Selectman, one member of the School Committee, each to be designated by their respective boards, and the Town Clerk, be set up and authorized to investigate and make recommendations to the next Town Meeting as to the feasibility of the purchase and use of voting machines at all elections; that they be directed to investigate the advisability of dividing the Town into three or more precincts, and that they be further directed to investigate proper storage facilities for such equipment, that there be appropriated and assessed \$500. for the use of the Committee in preparing necessary plans, and that there be appropriated and assessed \$10,000 for ultimate purchase and/or rental of machines, such funds not to be expended without further vote of the Town.

At the request of the Moderator, the clause, "that they be directed to investigate the advisability of dividing the Town into three or more precincts" was deleted from the Motion, because it went beyond the scope of the Article.

Upon a Motion of Mr. Laurence S. Fordham, duly seconded, it was VOTED: To amend Mr. Ela's Motion by

1. Increasing the membership of the Committee to five (5), to include two (2) members at large, to be appointed by the Moderator; and
2. Adding the words, "and advisability" after the word "feasibility" . . . of the purchase and use, etc. . . .

Upon Motion of Mr. Howard C. Weeks, duly seconded, it was VOTED: To delete the appropriation of \$10,000.00 from the Motion.

Upon Motion of Mr. Ziffer, duly seconded, it was

VOTED: To delete the appropriation of \$500.00 from the Motion.

Upon the Main Motion of Mr. Ela, as amended, it was

VOTED: In favor.

Article 29. To see if the Town will vote to authorize the Board of Selectmen to purchase, take by eminent domain, gift and/or other means, on behalf of the Town of Wayland, water easements through and over certain land as follows:

(1) As shown on a Plan, now on file with the Town Clerk, entitled "Plan of Land in Wayland, Mass., (showing Town of Wayland Water Easement)" by Everett M. Brooks Co., C. E. dated August 18, 1962;

(2) As shown on a Plan, now on file with the Town Clerk, entitled "Plan of Land in Wayland, Mass., (showing Town of Wayland Water Easement)" by Everett M. Brooks Co., C. E. dated August 20, 1962;

(3) As shown on a Plan, now on file with the Town Clerk, entitled "Plan of Land in Wayland, Mass., (showing Town of Wayland Water Easement)" by Everett M. Brooks Co., C. E. dated August 21, 1962;

together with the right to enter upon such premises and construct and maintain pipes, hydrants, and ditches, and appurtenant structures therein, and to raise and appropriate a sum of money therefor; or take any action relative thereto.

Upon a Motion of Mr. Ela, duly seconded, it was

VOTED: Unanimously: That the Town vote to authorize the Board of Selectmen and the Water Commissioners to acquire by purchase, eminent domain, gift and/or otherwise; water easements through and over certain parcels of land as described in the article, together with the right to enter upon such premises and construct and maintain pipes, hydrants and ditches, and appurtenant structures therein, and that there be appropriated and assessed therefor the sum of \$30.00.

Article 30. To see if the Town will vote to authorize the purchase, take by eminent domain, gift, or otherwise, of an easement for existing water main through and over certain parcels of land shown as Easement for Existing Water Main on Plan of Land in Wayland, Mass., dated December 14, 1962, by Everett M. Brooks Co., Civil Engineers, situated on Northerly side of Old Connecticut Path as shown on said Plan and bounded and described as follows:

Commencing at a point 259.06 feet along a curve with a radius of 2068.36 feet in a Southwesterly direction from the point of tangency of said curve, with segment of said Northerly side line of said Old Connecticut Path, which segment runs SOUTH $51^{\circ} 11' 50''$ West; thence running by said Northerly side line of Old Connecticut Path along said curve with a radius 2068.36 feet, a distance of 218 feet; thence running NORTH $54^{\circ} 04' 13''$ East over land of Josephine L. Cincotta, 65.02 feet; thence running NORTH $61^{\circ} 16' 03''$ West 112.33 feet over said Cincotta land and over land of Gerald N. and Emma C. Abt; thence NORTH $73^{\circ} 07' 47''$ East 41.96 feet over said land of Abt, to the point of beginning; together with the right to enter upon such premises and construct and maintain pipes, hydrants, and ditches, and appurtenant structures therein, and to raise and appropriate a sum of money therefor; or take any action relative thereto.

Upon Motion of Mr. Ela, duly seconded, it was

VOTED: Unanimously; That the Town authorize the Board of Selectmen and the Water Commissioners to acquire by purchase, take by eminent domain, gift, or otherwise, an easement for existing water-main through and over certain parcels of land shown as Easement for Existing Water Main on Plan of Land in Wayland, Mass., dated December 14, 1962, by Everett M. Brooks Co., Civil Engineers, situated on the Northerly side of Old Connecticut Path as shown on said Plan and bounded and described as set forth in the article, together with the right to enter upon such premises and construct and maintain pipes, hydrants, and ditches, and appurtenant structures therein, and that there be appropriated and assessed therefor the sum of \$10.00.

Article 31. To see if the Town will vote to authorize the purchase, take by eminent domain, gift, or otherwise, of a drainage easement through and over a certain parcel of land shown as "Drain Easement" on Plan of Land in Wayland, Mass., dated December 14, 1962, by Everett M. Brooks Co., Civil Engineers, bounded and described as follows:

Commencing at the intersection of the Southerly side line of Old Connecticut Path and Easterly side line of said drain easement, thence running SOUTH $47^{\circ} 05' 40''$ East, 220.09 feet; thence running SOUTH $42^{\circ} 54' 20''$ West, 30 feet; thence running NORTH $47^{\circ} 05' 40''$ West, 230.31 feet to the Southerly side line of Old Connecticut Path; thence running NORTHEASTERLY by said Southerly side line, 31.69 feet, to the point of beginning, excepting so much thereof as is owned by the Commonwealth of Massachusetts, Weston Aqueduct, shown on said plan; together with the right to enter upon said premises and lay and maintain pipes, sewers, drains and manholes, therein, and to raise and appropriate a sum of money therefor; or take any action relative thereto.

Upon Motion of Mr. Ela, duly seconded, it was

VOTED: Unanimously: That the Town authorize the Board of Selectmen to acquire by purchase, eminent domain, gift, or otherwise, a drainage easement through and over a certain parcel of land shown as "Drain Easement" on Plan of Land in Wayland, Mass., dated December 14, 1962, by Everett M. Brooks Co., Civil Engineers, and bounded and described as set forth in the article, together with the right to enter upon said premises and lay and maintain pipes, sewers, drains and manholes, therein, and that there be raised, appropriated and assessed therefor the sum of \$10.00.

Article 32. To see if the Town will vote to authorize the purchase, take by eminent domain, gift, or otherwise, of a drainage easement through and over a certain parcel of land shown as "Drain Easement" on Plan of Land in Wayland, Mass., dated December 14, 1962, by Everett M. Brooks Co., Civil Engineers, bounded and described as follows:

Commencing at the intersection of the westerly side line of easement and northerly side of Old Connecticut Path, thence running NORTH $47^{\circ} 05' 40''$ West, 7.09 feet; thence running NORTH $43^{\circ} 02' 40''$ West, 119.23 feet; thence running NORTH $46^{\circ} 57' 20''$ East, 30 feet; thence running SOUTH $43^{\circ} 02' 40''$ East, 118.17 feet; thence running SOUTH $47^{\circ} 05' 40''$ East, 16.52 feet to the Northerly side line of Old Connecticut Path; thence running SOUTHWESTERLY by said Northerly side line of Old Connecticut Path 31.78 feet to the point of beginning; together with the right to enter upon said premises and lay and maintain pipes, sewers, drains and manholes, therein, and to raise and appropriate a sum of money therefor; or take any action relative thereto.

Upon Motion of Mr. Ela, duly seconded, it was

VOTED: Unanimously: That the Town authorize the Board of Selectmen to acquire by purchase, eminent domain, gift, or otherwise, a drainage easement through and over a certain parcel of land shown as "Drain Easement" on Plan of Land in Wayland, Mass., dated December 14, 1962, by Everett M. Brooks Co., Civil Engineers, and bounded and described as set forth in the article, together with the right to enter upon said premises and lay and maintain pipes, sewers, drains and manholes, therein, and that there be raised and appropriated and assessed therefor the sum of \$10.00.

Article 33. To see whether the Town will transfer to the jurisdiction of the Conservation Commission the parcel of Town-owned land having an area of about 1.4 acres located on the Easterly side of Sherman's Bridge Road at the Sudbury River.

Upon Motion of Mr. Henry J. Muller, duly seconded, it was

VOTED: Unanimously: That the Town transfer to the jurisdiction of the Conservation Commission the parcel of Town-owned land having an area of about 1.4 acres located on the Easterly side of Sherman's Bridge Road at the Sudbury River, now or formerly of Helen M. Stevenson.

Article 34. To see if the Town will vote to authorize the transfer from Tax Title Possessions to the Town of Wayland for School Purposes, the area on Plate 47 D designated Town of Wayland located on the northeast side of the prospective Junior High School site and containing 15,046 square feet, more or less; or take any action relative thereto.

Upon Motion of Mr. Muller, duly seconded, it was

VOTED: Unanimously: That the Town authorize the transfer from Tax Title Possession account to the Town of Wayland for School Purposes, the area on Plate 47 D designated Town of Wayland located on the northeast side of the prospective Junior High School site and containing 15,046 square feet, more or less.

Article 35. To see if the Town will vote to authorize the transfer from Tax Title Possession Account to the Town of Wayland, for Conservation purposes, the area on Plates 24 and 25 of the Town Atlas designated as Town of Wayland, located on the northeasterly and southeasterly corners of Lee and Wheelock Roads and along the north side of the brook; or take any action relative thereto.

Upon Motion of Mr. Muller, duly seconded, it was

VOTED: Unanimously: That the Town authorize the transfer from Tax Title Possessions account to the Town of Wayland, for Conservation purposes, the area on Plates 24 and 25 of the Town Atlas designated as Town of Wayland, located on the northeasterly and southeasterly corners of Lee and Wheelock Roads and along the north side of the brook.

Article 36. To see if the Town will vote to abandon its ten (10) foot slope easement in land on the easterly side of Old Connecticut Path, extending from the High School entrance road to Davelin Road as shown on a Plan entitled "Plan of Land in Wayland, Mass. by MacCarthy Engineering Service dated May 27, 1961"; or take any action relative thereto.

Upon Motion of Mr. Muller, duly seconded, it was

VOTED: That the article be passed over.

Article 37. To see if the Town will vote to reconvey to John C. Coady and Sarah E. Coady, Lots 865-866-867 and 868 Cedar Crest Road, with condition in deed reconveyance conditional on first option to repurchase by the Town based on arbitration, one picked by the Town and one by John C. and Sarah E. Coady; or take any action relative thereto.

Upon a Motion of Mr. Frank W. Kilburn, duly seconded, it was VOTED: Unanimously: That the Board of Selectmen, with the approval of the Town Counsel, be authorized to reconvey, for the sum of \$1.00 to John C. Coady and Sarah E. Coady, Lots 865-866-867 and 868 Cedar Crest Road, with the condition in the deed that there be reserved an option to repurchase the property by the Town at a price to be arrived at by arbitration, the arbitration board to be made up of one chosen by the Town and one by John C. and Sarah E. Coady, and a third by the two so designated.

Article 38. To see if the Town will vote to amend the Town By-Law relating to Zoning, as amended, by repealing that portion of the By-Law as found in Section IX, Sub paragraph (e) starting with the words on line four "is hereby subdivided" and ending with line thirty-seven "not less than two hundred and ten feet on a street line," and substituting in its place the following:

"as shown defined and bounded on a second map accompanying this by-law entitled "Town of Wayland, Amendment to Zoning Map of 1934, March 1939," dated and approved February 27, 1939, the Wayland Planning Board, as revised March 13, 1939, by said Board and on file with the Town Clerk; and the second map and the explanatory matter thereon, as so revised, shall be laid out so that any building lot shall contain a minimum of 20,000 sq. ft., with a 120 ft. frontage on any street line;" or take any action relative thereto.

Upon Motion of Mr. Robert H. Charnock, duly seconded, it was VOTED: That the article be passed over.

Article 39. To see if the Town will vote to re-zone the land on both sides of the State Road East to a depth of three hundred (300) feet on each side from Cochituate Road East to the Weston-Wayland Town Line, from single-family residence and in part Roadside Business, to Business A.

Upon Motion of Mr. L. William Bertelsen, duly seconded, it was VOTED: That the article be passed over.

Article 40. To see if the Town will vote to amend the Zoning By-

Law by adding a new sub-paragraph 1. after Section V (q) as follows:

Removal of sod, loam, sand, gravel, or quarried stone from within a subdivision, the plan of which has been approved by the Planning Board and duly recorded in Middlesex South District Registry of Deeds, shall be permitted when and to the extent that such is necessary for the lawful construction or alteration of a way shown on said plan, or for the lawful installation of utilities or drain pipes or drain structures in said subdivision, provided that the quantity of sod, loam, sand, gravel, or quarried stone so removed shall not exceed that in place in the particular space to be occupied by such way, utilities, drain pipes or drain structures, and subject to any requirements made by the Planning Board endorsed or referred to on the plan of such subdivision.

Duly seconded, Mr. Charnock offered the following

MOTION: That the Zoning By-law be amended by adding a new sub-paragraph 1. after Section V (q), as per the language of the article.

Mr. Charnock then presented the Report of the Planning Board with Recommendations, in connection with this Article, a copy of which was placed on file with the Town Clerk.

Upon Mr. Charnock's Motion, it was

VOTED: First vote gave a scattering "No"

Second vote was unanimously in favor of the Motion.

Article 41. To see if the Town will vote to amend the Building Code as amended in any or all of the following respects; or take any action relative thereto:

1. By deleting the title "Inspection of Buildings" Section 6 Chapter 1 and inserting as the new title of Section 6, of Chapter 1 "Inspection of Buildings and Structures".

2. By inserting the words "And Structures" after the word "Buildings" in the first line of sub-section (a) of Section 6 of Chapter 1.

3. By deleting the following sub-sections under Chapter II-- definitions:

BUILDING: Any structure built for the support, shelter, or enclosure of persons, animals, chattels, or property of any kind.

STRUCTURE: The combination of materials, other than a building, the term "structure" shall be construed where the context allows, as though followed by the words "or part thereof." Any questions

as to the application of the word "structure" within this code shall be as interpreted by the Inspector, subject to appeal.

FOUNDATION: That portion of an exterior or party wall below the finished first floor level.

And inserting under "DEFINITIONS", Chapter II, as follows:

BUILDING: A combination of materials, portable or fixed, having a roof to form a structure for the shelter for persons, animals or property. For the purpose of this definition "roof" shall include an awning or any similar covering whether or not permanent in nature. The word "BUILDING" shall not include such frameworks and tents as are used exclusively for outdoor carnivals, lawn parties or other similar activities, the word "BUILDING" shall be construed where the context requires as though followed by the words "or parts thereof".

STRUCTURE: A combination of materials assembled at a fixed location to give support or shelter; such as but not limited to a building, framework, reviewing stand, platform, tank, tunnel, tower, swimming pool or the like. The word "STRUCTURE" shall be construed where the context allows as though followed by the words "or parts thereof".

FOUNDATION: That portion of a building or structure of which the sole or chief purpose or use is to transmit the weight of the building or structure to the earth, such as that portion of an exterior or party wall below the finished first floor level.

4. By inserting a new sub-section (g) under Section 6, of Chapter 1 as follows:

(g) Every excavation and every structure in the process of construction or alteration shall be properly guarded and protected by the person responsible therefor, so as to prevent it from becoming dangerous to life and limb and to the neighborhood;

or take any action relative thereto.

Duly seconded, Mr. Ela offered the following

MOTION: That the Town amend the Building Code in all of the respects set forth in the article.

Upon Motion, duly seconded, of Mr. Blanchard, it was

VOTED: To amend Mr. Ela's Motion and the proposed Building Code changes, by the deletion of the sentence under the new definition of "BUILDING": "For the purpose of this definition "roof" shall include an awning or any similar covering whether or not permanent in nature."

Upon the Main Motion of Mr. Ela, it was

VOTED: The first vote gave a scattering of "No's".

The second vote was unanimously in favor of the Motion, as amended.

Article 42. To see if the Town will vote to authorize the Water Department to petition the Massachusetts General Court for authority to sell water to inhabitants of the Town of Natick; or do or act.

Upon a Motion of Mr. Kilburn, duly seconded, it was

VOTED: That the Town authorize the Water Department to petition the Massachusetts General Court for authority to sell water to inhabitants of the Town of Natick.

Upon a Motion of Mr. Mendler, duly seconded, "That the Town return to Article 10 for the purpose of limiting the previous vote under that Article, so that no money shall be spent for construction on Old Connecticut Path beyond the point where it crosses Rice Road." It was

VOTED: In the Negative.

Article 43. To see if the Town will vote for the appointment of a committee to study means of protecting and preserving buildings, sites and districts of historic interest in the Town.

Duly seconded, Mr. Charnock offered the following:

MOTION: That the Board of Selectmen is hereby requested to establish an historic district study committee in accordance with Section 4 of Chapter 40 C of the Massachusetts General Laws, such committee to consist of not less than five members and to include one member chosen from two nominated by the Wayland Historical Society, one member of the Planning Board, designated by such Board, and three members at large; such committee to make an investigation and report to a subsequent Town Meeting, and not later than the next annual Town Meeting with respect to a proposed historic district for the Wayland Center area, all under and in accordance with said Chapter 40C.

Upon a Motion of Mr. Blanchard, duly seconded, it was

VOTED: To amend Mr. Charnock's Motion by deleting the words, "a subsequent Town Meeting and not later than"

Upon the Main Motion of Mr. Charnock, as amended, it was

VOTED: In favor.

At this point, the Town Counsel, Mr. Kilburn, offered the following STATEMENT:

During the discussion of Old Connecticut Path, (in connection with Mr. Mendler's Motion to return to Article 10), I think there was one statement made, which should be clarified at this time. It was stated that the money could not be spent beyond Rice Road, because there had been no lay-out plan and nothing else would be done prior to the next Town Meeting. I do feel, however, . . . that I should bring it to the attention of the Town, that it is possible to lay out, through the County Commissioners, (and it is they, who do lay out a Chapter 90 project, not the Board of Selectmen), . . . the area beyond Rice Road. . . ; they could lay out the area beyond Rice Road. . . with the necessary public hearings, etc. The takings could be made by the County Commissioners, and in that event . . . (and I don't say that there is any intention that it is to be done), but if this were to be done, then, I believe, the money could be spent on Old Connecticut Path beyond Rice Road.

Mr. Mendler then requested a revote on his previous Motion to return to Article 10. The Moderator offered to entertain a Motion to this effect. Mr. Fordham requested assurance of the Finance Committee that the project would not go beyond Rice Road. Upon Mr. Morgan's comment that, "In view of what has been said here, the Finance Committee would be very foolish to go beyond Rice Road (with this project)", both Mr. Mendler and Mr. Fordham were persuaded to drop the matter and did not renew the Motion to return to Article 10.

Article 44. To see whether the Town will vote to add to the Town By-Laws a provision to the effect that any Town Board, officer or department may sell or otherwise dispose of any personal property belonging to the Town under its or his control, having a value of not more than \$200.00 in each instance, with the approval of the Selectmen and the Finance Committee.

Upon a Motion of Mr. Wells, duly seconded, it was

VOTED: Unanimously: That the Town amend its By-Laws by adding thereto a new Article as follows:

DISPOSAL OF SURPLUS PROPERTY

"Any Town board, officer or department may sell or otherwise dispose of any personal property belonging to the Town under its or his control, having a value of not more than \$200 in each instance, with the approval of the Selectmen and the Finance Committee".

Article 45. To see whether the Town will vote to add to the Town By-Laws a provision authorizing the Selectmen to license collectors of junk and trash, and prohibiting the collection of junk and trash within the Town for hire without such a license.

Upon a Motion of Mr. Wells, duly seconded, it was
VOTED: That the Town amend its By-Laws by adding thereto a
new Article as follows:

"The Board of Selectmen shall have the authority to license
suitable persons to be collectors of junk and trash, such licenses
to be revocable at the pleasure of said Board and to contain
such regulations as said Board shall determine. No person
shall collect junk or trash within the Town for hire without such
a license."

Article 12. To see if the Town will vote to accept various conveyances, gifts, and devises to the Town; or take any action relative thereto.

By unanimous consent of the Meeting, a reading of the detailed description of the eleven (11) drainage easements granted to the Town and accepted in this Motion, were omitted by Mr. Kilburn in making the following Motion. He did indicate who the donors were, and the general location of each.

Upon a Motion of Mr. Kilburn, duly seconded, it was
VOTED: Unanimously: That the Town accept with thanks the following gifts:

1.) Drainage Easements from Manfred Taglienti and Thomas J. Vassalotti, Trustees of Olde Farm Realty Trust under a Declaration of Trust dated January 17, 1956, recorded with Middlesex South District Deeds, Book 8654, Page 9, said easements are shown on a "Sub-Division of Land in Wayland, Mass., Estates Development Trust," Section B, dated Dec. 1951, MacCarthy Engineering Service, recorded with said Deeds, Book 7925, Page 516.

2.) Drainage and Access Easements from Einar P. Robsham and Joyce L. Robsham, said easements shown on Lots #7 and #8 Keith Road, and on "Subdivision Plan of Land in Wayland, Mass. on Main Street" dated September 26, 1962, by Everett M. Brooks Co., C. E.

3.) Drainage Easements from Madeline Eugene of Cambridge, Massachusetts, on Alden Road and shown on Plan entitled "Subdivision Plan of Land in Wayland, Massachusetts" dated June 10, 1960 by Everett M. Brooks Co., C. E.

4.) Drainage Easement from Mary Kelley of Boston, Mass., on Alden Road Extension and shown on a Plan entitled "Alden Road Extension" Subdivision of Land in Wayland, Mass., dated May 4, 1962, by MacCarthy Engineering Service, Inc.

5.) Drainage Easements from A. William Rowe, Trustee of

Rowe Realty Trust, shown on Lots A, 1, 4, 5, 6, 9, 11, 15 and 16 and shown on Plan entitled "Forty Acres Estate, Subdivision Plan of Land on Cochituate Road in Wayland, Mass., owned by Rowe Realty Trust, A. William Rowe, Trustee, April 14, 1961, Everett M. Brooks Co., Civil Engineers".

6.) Drainage Easements from Samuel A. Cutler and Marie L. Cutler on Pelham Island Road and shown on "Subdivision Plan of Cutler on Pelham Island Road, Wayland, dated October 3, 1960, by Everett M. Brooks Co., C. E.

7.) Drainage Easements from Regent Homes, Inc., on Lot #5 shown on Plan entitled "Loker Manor Section III subdivision of land of Edna M. Phylis off School Street in Wayland, Mass., dated June 13, 1961, by MacCarthy Engineering Service, Inc., Natick, Mass." recorded with Middlesex South District Deeds as Plan #11 of 1962 in Book 9964, Page 308.

8.) Drainage Easements from Edna M. Phylis, shown on Plan entitled "Loker Manor Section III subdivision of Land of Edna M. Phylis off School Street in Wayland, Mass., dated June 13, 1961, by MacCarthy Engineering Service, Inc., Natick, Mass." recorded with Middlesex South District Deeds as Plan #11 of 1962 in Book 9964, Page 308.

9.) Drainage Easement from James B. Potts, Jr., Trustee of Potts Realty Trust under a Declaration of Trust dated December 30, 1959, recorded with Middlesex South District Deeds, Book 9525, Page 308 on land shown on "Subdivision Plan of Land in Wayland, Massachusetts" owned by the Estate of Maclaurin, by MacCarthy Engineering Service, Inc., dated February 12, 1960.

10.) Drainage Easement from Joyce L. and Einar Paul Robsham, shown on Plan entitled "Subdivision Plan of Land in Wayland, Mass." dated August 25, 1960, by Everett M. Brooks Co., C. E.

11.) Drainage Easement from Joyce L. and Einar Paul Robsham, shown on Plan entitled "Subdivision Plan of Land in Wayland, Mass." dated May 25, 1960, by Everett M. Brooks Co., C. E.

Article 17. To see whether the Town will vote to authorize the Conservation Commission to expend the sum of \$10,000 from the Conservation Fund under Clause 51 of Section 5 of Chapter 40 of the Massachusetts General Laws for the purchase of the parcel of land with the buildings thereon having an area of about 11.2 acres now or formerly owned by Rosalthe W. Picard at the intersection of Main Street and Mathews Drive in Cochituate, subject to life estates for

Rosalthe W. Picard and Frederick Picard for the dwelling and a portion of the land contained in said premises; or take any action relative thereto.

Upon a Motion of Mr. Allen H. Morgan, duly seconded, it was VOTED: Unanimously: That the Conservation Commission be authorized to expend the sum of \$10,000 from the Conservation Fund under Clause 51 of Section 5 of Chapter 40 of the Mass. General Laws for the purchase of the parcel of land with the buildings thereon having an area of about 11.2 acres now or formerly owned by Rosalthe W. Picard on Main Street and Mathews Drive in Cochrasset, subject to life estates for Rosalthe W. Picard and Frederick Picard for the dwelling and a portion of the land contained in said premises, all on such terms and conditions as may be approved by the Town Counsel, and subject to the condition that such purchase shall be made only after approval of the project for reimbursement of one-half of the purchase price by the Commonwealth of Massachusetts.

Upon a Motion, duly seconded, it was

VOTED: That the Meeting be adjourned, all articles having been disposed of at 11:05 P. M.

A True Copy,

Attest:

LEILA SEARS,
Town Clerk of Wayland

VOTES ENACTED AT THE SPECIAL TOWN MEETING

HELD: WEDNESDAY, DECEMBER 11, 1963

Town Clerk's Office
Wayland, Massachusetts

Roger P. Stokey, Moderator:--

Pursuant to the Warrant dated November 14, 1963, signed by George K. Lewis, Thomas F. Linnehan and Frank S. Tarr, Selectmen, served and return of service given by Ernest H. Damon, Constable of the Town; the inhabitants of the Town of Wayland qualified to vote in Town Meeting met this day; and at 7:50 P. M. the Moderator called the meeting to order, declared a quorum to be present, and the meeting proceeded to transact the following business:

The Moderator pointed out that the five minute delay in calling the meeting to order had been occasioned by the need to wait until a full quorum was present.

Article 1: To see if the Town will vote to appropriate and transfer from available funds or from appropriation balances a sum or sums of money for the operation and expenses of any or all of the following departments:

Police Department
Salaries -- Sergeants
Tree Warden
Tree Trimming -- Private Contract
Highway Department
Snow Removal
Care of Dumps
Fire Department
Salaries--Call Men, Hourly

or take any action relative thereto.

Upon a Motion of Mr. Roger E. Ela, duly seconded, it was

VOTED: Unanimously: That there be appropriated for the operation and expenses of the following departments the respective amounts as shown, and that to meet the appropriations the sum of \$18,138.65 be transferred from available funds "Excess and Deficiency" and the sum of \$7,113.19 be transferred from Police Salaries--Patrolmen, together totalling \$25,251.84:

Police Department
Salaries -- Sergeants \$7,651.84

Tree Warden	
Tree Trimming--Private Contract	\$2,400.00
Highway Department	
Snow Removal	10,000.00
Care of Dump	2,000.00
Fire Department	
Salaries--Call Men, Hourly	3,200.00
	<u>\$25,251.84</u>

Article 2. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for the preparation of plans and specifications, for the construction of an addition, and for the remodelling of a portion of the Highway Garage, and for the furnishing and equipping of said addition: or take any action relative thereto.

Upon a Motion of Mr. Robert M. Morgan, duly seconded, it was VOTED: That the Town appropriate the sum of \$36,000 for the preparation of plans and specifications, for the construction of an addition and for the remodelling of a portion of the Highway Garage, and for furnishing and equipping such addition; that the work be carried out under the supervision of the Road Commissioners, with the approval of the Selectmen; and that the sum appropriated therefor be transferred from available funds, "Excess and Deficiency".

Article 3. To see if the Town will vote to increase the number of voting precincts in the Town; or take any action relative thereto.

Duly seconded, Mr. Ela offered the following

MOTION: That the Town change its voting precincts in accordance with the report of the Selectmen, by increasing the number of precincts from two to three and establishing the boundaries thereof as follows:

PRECINCT ONE: Bounded by Sudbury on the West, Lincoln on the North, and Weston on the East; and on the South by a line starting at a point 2,000 feet South of the junction of Route 20, and the Weston Boundary, Westerly to the intersection of Pinebrook Road and Old Connecticut Path, Northerly on Pinebrook Road to the MDC Aqueduct, Westerly one hundred (100) yards along the Aqueduct, Northerly to Pine Brook, Westerly along Pine Brook to its junction with the Sudbury River, Southerly and Westerly along the Sudbury River, to point at which the Sudbury boundary meets the Sudbury River.

PRECINCT TWO: Bounded on the West by Sudbury and Framingham, on the North by the Precinct One Boundary just described: on the East by Weston and Natick, and on the South by a line starting at the junction of the Hultman High Pressure Aqueduct with the Natick boundary, thence Westerly along the aforementioned Aqueduct to a

point where Hiawatha Path terminates at the Aqueduct, thence Southerly to the edge of Dudley Pond, thence Southwesterly across the Pond at mid-point to the end of Mansion Road at its junction with Lake Shore Drive, thence Southwesterly along the middle of Mansion Road, to the center of West Plain Street, and Westerly along the middle of West Plain Street to the junction of West Plain Street and Old Connecticut Path, and Southwesterly to the Framingham boundary, (along the middle of Old Connecticut Path).

PRECINCT THREE: Bounded by Framingham on the West, Natick on the South and East, and by the southerly boundary of Precinct Two on the North;

and that the Selectmen be directed to initially establish the voting places as follows: for Precinct One--the Junior High School
for Precinct Two -- the Senior High School
and for Precinct Three--the Cochituate Grammar School.

Mr. Ela then presented the Report of the Finance Committee, in connection with this Article, as required by Law: Without pressing for adoption or defeat of the Motion, the Finance Committee's report was an outline of reasons against adoption of the proposed plan.

Upon Mr. Ela's Motion, it was
VOTED: In the Negative.

Upon a Motion of Mr. Laurence S. Fordham, duly seconded, it was
VOTED: To refer the study of this matter to the Voting Machine Study Committee, to be included in such future report as it might make to the Town.

Article 4. To see if the Town will vote to appropriate and assess a sum of money for the construction of the roads known as Bent Avenue, George Street, Cottage Street and Bent Avenue Extension, or any of them, or a portion or portions thereof, as previously laid out by the Board of Selectmen and as shown on plans on file with the Town Clerk, the work to be done pursuant to Article 19 of the 1963 Annual Town Meeting under the Betterment Act; or take any action relative thereto.

Upon a Motion of Mr. Morgan, duly seconded, it was
VOTED: Unanimously: That there be appropriated and assessed the sum of \$15,000 for and towards the construction of the roads known as Bent Avenue, George Street, Cottage Street and Bent Avenue Extension, in accordance with the previous layout by the Board of Selectmen and as shown on plans on file with the Town Clerk, the work to be done pursuant to Article 19 of the 1963 annual meeting, under the Betterment Act.

Article 5. To see if the Town will vote to accept as a public Town way and to construct the road known as Trinity Place, as laid out by the Board of Selectmen and as shown on plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire the necessary land, including easements for drainage, by purchase, gift, eminent domain, or otherwise; to appropriate and assess a sum of money for the acquisition of such land or any portion thereof, the construction of such way and for other costs in connection therewith, with betterments to be assessed under the Betterment Act; or take any action relative thereto.

Upon a Motion of Mr. William A. Loker, duly seconded, it was VOTED: Unanimously: That the Town dispense with the reading of the Order of Laying-Out of the Board of Selectmen; in connection with this article.

Upon a Motion of Mr. Loker, duly seconded, it was VOTED: Unanimously: That the Town accept the Laying-Out as a public Town way of Trinity Place, as described in the Order of Laying-Out of the Board of Selectmen dated November 30, 1963, and as shown on a plan entitled "Plan and Profile of Trinity Place in Wayland, Massachusetts" dated December 12, 1962, by Everett M. Brooks Company, Civil Engineers, on file with the Town Clerk; that the Board of Selectmen be authorized to acquire the necessary land, including easements for drainage, by purchase, gift, eminent domain or otherwise; and that there be appropriated and assessed therefor the sum of \$7,000. for the acquisition of such land, for the construction of such way, and for other costs in connection therewith; and that betterments be assessed under Chapter 80 of the General Laws in accordance with the Order of Laying-Out.

The Moderator requested and was granted unanimous consent of the Meeting, to omit reading the Articles numbered 6-12, inclusive, explaining in summary the gist of these several articles, all relating to drainage easements for Highway purposes in various parts of town. Instead, he pointed out, as each article came up, the general location of the respective easement proposed by the article.

Article 6. To see if the Town will vote to authorize the purchase by the Board of Selectmen from the Metropolitan District Commission a certain parcel of land, for Highway purposes, shown on "Plan of Additional Taking of a part of Loker Street, Wayland, Mass., As Laid Out for the Town of Wayland, dated April 22, 1963, by Everett M. Brooks Co., C. E.'s" bounded and described as follows:

Beginning at a point on the Easterly sideline of School Street which

is fifty-seven and 74/100 (57.74) feet Northerly of a point of curvature at land of Comm. of Mass. Pressure Aqueduct, thence

Northerly on a curve to the right with a radius of two hundred forty (240.00) feet a distance of twenty (20.00) feet; thence Northeasterly on a curve to the right with a radius of twenty-five (25.00) feet a distance of forty-eight and 33/100 (48.33) feet, thence

S 56-35-30E one hundred sixty-five and 42/100 (165.42) feet, thence

S 51-32-00E one hundred ninety-six and 7/10 (196.7) feet, thence

S 49-07-30E two hundred thirty-two and 9/10 (232.9) feet, thence

S 70-59-30E two hundred sixty-two and 80/100 (262.80) feet, thence

S 05-42-29W twenty-five and 69/100 (25.69) feet, thence

N 70-59-30W two hundred sixty and 12/100 (260.12) feet, thence

N 50-08-25W three hundred forty-four and 43/100 (344.43) feet, thence

Northwesterly on a curve to the left with a radius of two thousand two hundred ninety-two (2,292.00) feet a distance of two hundred fifty-eight and 07/100 (258.07) feet, thence

Southwesterly on a curve to the left with a radius of twenty-five (25.00) feet a distance of fifty and 41/100 (50.41) feet to the point of beginning;

and to raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

Upon a Motion of Mr. James D. Wells, duly seconded, it was

VOTED: Unanimously: That the Board of Selectmen be authorized to acquire by purchase from the Metropolitan District Commission a certain parcel of land, for Highway purposes, shown on "Plan of Additional Taking of a Part of Loker Street, Wayland, Mass., As Laid Out For the Town of Wayland, dated April 22, 1963, by Everett M. Brooks Co., C. E.'s" bounded and described

(as given in the Warrant - ; with unanimous consent of the Meeting, Mr. Wells omitted to read the description in making his Motion)

and that there be appropriated and transferred from available funds "Excess and Deficiency" therefor the sum of \$50.00.

Article 7. To see if the Town will vote to authorize the Board of Selectmen to purchase, take by eminent domain, gift, or otherwise, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over a parcel of land shown as a "Drain Easement on Plan of Land in Wayland, Mass. on Concord Road Showing Town of Wayland Drain Easement, dated Sept. 12, 1963, Everett M. Brooks Co., Civil Engineers" bounded and described as follows:

Beginning at a point on the easterly sideline of Concord Road which

is sixty-five and 32/100 (65.32) feet southerly of the lot corner between land of Polito and Shepard as shown on above mentioned plan, thence

N 46-36-30E three hundred forty-five and 60/100 (345.60) feet thence,

N 55-32-03E one hundred thirty-one (131) feet more or less, thence,

Southeasterly thirty-one (31) feet more or less, thence

S 55-32-03 W one hundred nineteen (119) feet more or less, thence

S 46-36-30 W three hundred eighty-one and 95/100 (381.95) feet thence,

N 08-49-30 E forty-eight and 97/100 (48.97) feet to the point of beginning;

together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein, and to raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

Upon a Motion of Mr. Henry J. Muller, duly seconded, it was

VOTED: Unanimously: That the Board of Selectmen be authorized to acquire by purchase, by eminent domain, gift or other means, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over a parcel of land shown as a "Drain Easement on Plan of Land in Wayland, Mass. on Concord Road Showing Town of Wayland Drain Easement, dated Sept. 12, 1963, Everett M. Brooks Co., Civil Engineers" bounded and described as given in the Warrant.

(Reading of the description was omitted by Mr. Muller in making this motion, by unanimous consent of the Meeting).

together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein; and that there be appropriated and transferred from available funds "Excess and Deficiency" therefor the sum of \$50.00.

Article 8. To see if the Town will vote to authorize the Board of Selectmen to purchase on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over land of the Metropolitan District Commission, shown as a 10' Wide Drain Easement on "Plan of Land in Wayland, Mass. (Showing Town of Wayland Drain Easement Off Old Connecticut Path) dated Sept. 23, 1963, Everett M. Brooks Co., Civil Engineers" bounded and described as follows:

Beginning at a point on the southerly sideline of Old Connecticut Path which is nineteen and 43/100 (19.43) feet Northeasterly of the lot corner of Commonwealth of Massachusetts and Kilburn as shown on above mentioned plan; thence

Northeasterly on a curve to the left with a radius of two thousand

one hundred eighteen and 36/100 (2, 118.36) feet a distance of thirteen and 78/100 (13.78) feet; thence

S 65-07-42E one hundred eighty-five and 15/100 (185.15) feet, thence,

S 24-52-18W ten (10.00) feet; thence

N 65-07-42W one hundred ninety-four and 63/100 (194.63) feet to the point of beginning;

together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein, and to raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

Upon Motion of Mr. Muller, it was

VOTED: That the article be passed over.

Article 9. To see if the Town will vote to authorize the Board of Selectmen to purchase, take by eminent domain, gift, or otherwise, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over land of Harold H., Jr. and June W. Woollard, lands of James H. and Elizabeth M. Lee, and Mary S. Howard and Edna P. Rowe, shown as a 40' Brook Easement on "Plan and Profile of Portion of Pinebrook Road, Prepared for the Wayland Highway Department, Wayland, Mass. July 8, 1963, by MacCarthy Engineering Service Inc., Natick, Mass. and Nashoba Survey Co., Inc., Marlborough, Mass." bounded and described as follows:

Land of Howard and Rowe

Beginning at a point on the westerly sideline of Pinebrook Road 293.50 feet southerly from the intersection of Boston Post Road, thence running

S 14-40-00E 40.89 feet along the westerly sideline of Pinebrook

Road to a point, thence running

S 63-20-00W 45.75 feet to a point, thence running

N 26-40-00W 40.00 feet to a point, thence running

N 63-20-00E 54.25 feet to the point of beginning;

Land of Lee and Woollard

Beginning at a point on the easterly sideline of Pinebrook Road, 265.36 feet southerly from the intersection of Boston Post Road, thence running

N 63-20-00E 45.75 feet to a point, thence running

S 26-40-00E 40.00 feet to a point, thence running

S 63-20-00W 54.25 feet by land of Lee and Woollard to a point on the easterly sideline of Pinebrook Road, thence running

N 14-40-00W 40.89 feet along the easterly sideline of Pinebrook Road to the point of beginning;

together with a Temporary 10' Wide Slope and Construction Easement as shown on said Plan; with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein, and to raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

Duly seconded, Mr. Francis A. Fisher offered the following

MOTION: That the Board of Selectmen be authorized to acquire by purchase, by eminent domain, gift or other means, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over land of Harold H. , Jr. and June W Woollard, lands of James H. and Elizabeth M. Lee, and Mary S. Howard and Edna P. Rowe, shown as a 40' Brook Easement on "Plan and Profile of Portion of Pinebrook Road, Prepared for the Wayland Highway Department, Wayland, Mass. July 8, 1963, by MacCarthy Engineering Service Inc. , Natick, Mass. and Nashoba Survey Co. , Inc. , Marlborough, Mass." bounded and described as (given in the Warrant).

(In making his Motion, Mr. Fisher, with unanimous consent of the Meeting, omitted the reading of the exact description, since it was as printed in the Warrant.)

together with a Temporary 10' Wide Slope and Construction Easement as shown on said Plan; with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein; and that there be appropriated and transferred from available "Excess & Deficiency" funds therefor the sum of \$50.00.

Upon a suggestion of Mr. Donald K. Ide, and a Motion of Mr. Frank W. Kilburn, the Town Counsel, duly seconded, it was

VOTED: Unanimously: To insert the words, "now or formerly" before the mention of the names James H. and Elizabeth M. Lee, in the designation of their land, since Mr. and Mrs. Lee were both deceased.

Upon the Main Motion of Mr. Fisher, it was

VOTED: Unanimously: In favor.

Article 10. To see if the Town will vote to authorize the Board of Selectmen to purchase, take by eminent domain, gift, or otherwise, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over the land of Walter F. and Marion A. Pratt, shown as a Town of Wayland Drain Easement on "Plan of Land in Wayland, Mass. , Owned by Walter F. and Marion A. Pratt, dated July 30, 1963, Everett M. Brooks Co. , Civil Engineers" bounded and described as follows:

Beginning at a point on the northerly sideline of Old Connecticut Path at the lot corner between land of Wright and Pratt as shown on above mentioned plan, thence

N 07-39-52W three hundred one and 92/100 (301.92) feet,
thence

Northeasterly twenty (20) feet plus, thence

S 07-39-52E three hundred six (306) feet more or less,
thence

Southwesterly twenty (20) feet plus to the point of beginning; together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein, and to raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

Upon a Motion, duly seconded, of Mr. Loker, it was

VOTED: Unanimously: That the Board of Selectmen be authorized to acquire by purchase, by eminent domain, gift or other means, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over the land of Walter F. and Marion A. Pratt, shown as Town of Wayland Drain Easement on "Plan of Land in Wayland, Mass., Owned by Walter F. and Marion A. Pratt, dated July 30, 1963, Everett M. Brooks Co., Civil Engineers" bounded and described as given in the Warrant, together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein; and that there be appropriated and transferred from available funds, "Excess and Deficiency" therefor the sum of \$50.00.

Article 11: To see if the Town will vote to authorize the purchase by the Board of Selectmen of a drainage easement for Highway purposes, through and over the land of the Metropolitan District Commission, as shown on "Plan of Land in Wayland, Mass. Showing Town of Wayland Drain Easement Off Old Connecticut Path, dated Nov. 4, 1963, Everett M. Brooks Co., Civil Engineers" bounded and described as follows:

Beginning at a stone bound on the southerly sideline of the Commonwealth of Massachusetts Weston Aqueduct at the lot corner between Pratt and Wright as shown on above mentioned plan, thence running

N 07-39-52W two and 47/100 (2.47) feet, thence

N 28-11-54W one hundred fifty-five and 94/100 (155.94)
feet, thence

N 60-38-12E twenty (20) feet, thence

S 28-11-54E one hundred fifty-nine and 97/100 (159.97) feet,
thence

S 65-24-36W twenty and 91/100 (20.91) feet to the point of
beginning;

together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein, and to raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

Upon a Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Board of Selectmen be authorized to acquire by purchase from the Metropolitan District Commission, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over the land of the Metropolitan District Commission, as shown on "Plan of Land in Wayland, Mass. Showing Town of Wayland Drain Easement Off Old Connecticut Path, dated Nov. 4, 1963, Everett M. Brooks Co., Civil Engineers" bounded and described as given in the Warrant, together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein; and that there be appropriated and transferred from available funds "Excess and Deficiency" therefor the sum of \$50.00.

Article 12: To see if the Town will vote to authorize the Board of Selectmen to purchase, take by eminent domain, gift or otherwise, a drainage easement for Highway purposes, through and over the land of the Newton Y. M. C. A., as shown on "Plan of Land in Wayland, Mass., Showing Town of Wayland Drain Easement Off Old Connecticut Path, dated October 31, 1963, Everett M. Brooks Co., Civil Engineers" bounded and described as follows:

Beginning at a point on the lot line between land of The Newton Young Men's Christian Association and Mary Frances White which is eight hundred seven and 39/100 (807.39) feet southerly of Boston Post Road as shown on above mentioned plan, thence running

Southerly two hundred thirteen (213.00) feet, thence

Southerly again eighty-four and 98/100 (84.98) feet, thence

S 28-11-54E two hundred fifteen and 92/100 (215.92) feet,
thence

S 60-38-12W twenty (20.00) feet, thence

N 28-11-54W two hundred twenty-two (222) feet more or less,
thence

Northerly ninety-two (92) feet, more or less, thence

Northerly again two hundred three (203) feet more or less,
thence

Northwesterly one hundred twenty-four and 81/100 (124.81)
feet, thence

Northeasterly twenty (20) feet, thence

Southeasterly one hundred thirty-five (135.00) feet to the
point of beginning;

together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein, and to raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

Upon a Motion of Mr. Loker, duly seconded, it was

VOTED: Unanimously: That the Board of Selectmen be authorized to acquire by purchase, by eminent domain, gift or other means, on behalf of the Town of Wayland, a drainage easement for Highway purposes, through and over the land of the Newton Y. M. C. A., as described in the article in the Warrant, together with the right to enter upon such premises and construct and maintain pipes, sewers, drains, manholes and ditches, and appurtenant structures therein; and that there be appropriated and transferred from available funds, "Excess and Deficiency" therefor the sum of \$50.00.

Article 13: To see if the Town will vote to amend the Town By-Laws by adding two new sections to be designated as Section 6 and Section 7 under Article 6, to read as follows:

"Section 6. Unless authorized by the Board of Selectmen, not more than one unregistered and ungaraged motor vehicle shall be placed or permitted to remain on any lot in a single residence district, and no unregistered and unsightly motor vehicle shall be placed or permitted to remain in the front yard of any such lot. Any person so placing a motor vehicle and, if placed or allowed to remain with his or her knowledge or consent, the owner or owners of the motor vehicle and of the lot, shall each be punishable by a fine of not more than twenty dollars for each offense."

"Section 7. Whoever destroys, defaces or removes any notice or document posted pursuant to law, shall be punishable by a fine not exceeding fifty dollars for each offense."

or take any action relative thereto.

Duly seconded, Mr. Fisher offered the following

MOTION: That the Town By-Laws be amended by adding two new sections to be designated as Section 6 and Section 7 under Article 6, to read (by unanimous consent of the Meeting, Mr. Fisher omitted to read the wording since it followed exactly the wording as proposed by the Warrant).

Duly seconded, Mr. Henry G. Pearson offered a Motion of

AMENDMENT: To delete the words, "and no unregistered and

unsightly motor vehicle shall be placed, etc. in the front yard of any such lot."

After an explanation by the Moderator about the effect of a vote on Mr. Pearson's Motion, Mr. Pearson withdrew his Motion, with unanimous consent of the Meeting.

Upon the Main Motion of Mr. Fisher, it was
VOTED: In favor.

Article 14. To see if the Town will vote to accept various conveyances, gifts, and devises to the Town; or take any action relative thereto.

Upon a Motion of Mr. Kilburn, duly seconded, it was
VOTED: That the Town accept, with thanks, the gifts made by the following conveyances to the Town;

1. Deed from Braintree Lakeview Realty Company, Inc. to the Town dated August 20, 1953, recorded with the Middlesex South District Deeds, Book 8166, Page 13, relating to a parcel of about 33,000 square feet of land on Hawthorne Road;
2. Instrument of dedication to public use executed by Wayland Real Estate Company dated July 28, 1950, recorded with Middlesex South District Deeds, Book 7620, Page 9, relating to a parcel of about 4.4 acres of land adjoining the Town standpipe site on Reeve Hill.

Article 15. To see if the Town will vote to appropriate and transfer to Maturing Debt, Principal (School Notes \$50,000 due in January, 1964) a sum of money from School Construction, Claypit Hill Addition; and an additional sum of money from Available Funds (Excess and Deficiency); or take any action relative thereto.

Upon a Motion of Mr. Allan R. Finlay, duly seconded, it was
VOTED: Unanimously: That there be appropriated for "Maturing Debt, Principal (School Notes \$50,000 due in January, 1964)" the sum of \$50,000 and that to meet such appropriation there be transferred from "School Construction, Claypit Hill Addition" the sum of \$33,418.40 and from available funds "Excess and Deficiency" the sum of \$16,581.60.

Article 16. To see if the Town will vote to raise and appropriate a sum of money for preparation of plans and specifications and for the

construction of an addition to the Happy Hollow Grade School, and for originally equipping and furnishing said addition; to determine whether the money shall be provided for by appropriation from available funds, by taxation and/or by borrowing; or take any action relative thereto.

Upon a Motion of Mr. John B. Gregory, duly seconded, it was VOTED: That the Town appropriate, for the preparation of plans and specifications, for the construction of an addition to the Happy Hollow Grade School, and for originally equipping and furnishing said addition, the sum of \$25,000, and that the sum appropriated therefor be transferred from available funds "Excess and Deficiency" the money to be expended under the supervision of the School Building Committee, originally appointed in accordance with the vote under Article 19 of the Warrant for the Annual Town Meeting of March 15, 1947.

Article 17. To see if the Town will vote to authorize the transfer from available funds "Excess and Deficiency Account" to a Stabilization Fund, a sum of money; or take any action relative thereto.

Upon a Motion of Mr. Charles R. Thomas, duly seconded, it was VOTED: Unanimously: That there be transferred from available funds "Excess and Deficiency Account" to "Stabilization Fund" the sum of \$100,000.

Article 18. To see if the Town will vote to abandon a taking of land of Clara Lupien, 1.3 acres, as voted under Article 16 at the Annual Town Meeting in 1960; or take any action relative thereto.

Upon a Motion of Mr. Kilburn, duly seconded, it was VOTED: Unanimously: That the Town abandon the taking of land of Clara Lupien, 1.3 acres, as voted under Article 16 at the Annual Town Meeting in 1960.

Article 19. To see if the Town will vote to authorize the Board of Selectmen to purchase, take by eminent domain, gift, or otherwise, on behalf of the Town of Wayland, a certain parcel of land for Recreational purposes, shown on a plan entitled "Plot Plan of Land in Wayland, Mass. dated Oct. 23, 1963, by Everett M. Brooks Co., Civil Engineers" bounded and described as follows:

Beginning at a point on the easterly sideline of Rice Road at land of Lupien as shown on above-mentioned plan, thence
Northerly one hundred (100) feet, thence
Southeasterly five hundred ninety (590) feet, thence
Westerly by no dim. to the point of beginning.
Contains 0.6 acres more or less;

and will raise and appropriate, or transfer from available funds, a sum of money therefor; or take any action relative thereto.

By unanimous consent of the Meeting, the Moderator omitted to read this Article.

Upon a Motion, duly seconded, of Mr. Kilburn, it was

VOTED: Unanimously: That the Board of Selectmen be authorized to acquire by purchase, by eminent domain, gift or other means, on behalf of the Town of Wayland, a certain parcel of land for Recreational purposes, shown on a plan entitled "Plot Plan of Land in Wayland, Mass. dated Oct. 23, 1963, by Everett M. Brooks Co., Civil Engineers" bounded and described as (given in the Warrant).

(By unanimous consent of the Meeting, Mr. Kilburn omitted to read the description, since it followed exactly the wording given in the Warrant).

and that there be appropriated and transferred from available funds "Excess and Deficiency" the sum of \$50. 00.

Upon a Motion of Mr. John R. McEnroy, duly seconded, it was
VOTED: To adjourn the Meeting at 10:00 P. M.

REPORT OF THE BOARD OF SELECTMEN

Mr. Frank S. Tarr was re-elected to the Board of Selectmen at the Annual Town Election on March 4, 1963.

The Board organized for the year with Mr. Thomas Francis Linnehan as Chairman, Mr. George K. Lewis as Clerk, and Mr. Frank S. Tarr, as Third Member.

The Selectmen met regularly on the first and third Monday evenings of each month, and held in addition other meetings during weekdays and weekends with State and County officials, with members of Boards of adjacent towns, or with members of other Boards in Wayland on matters of common concern.

Mr. Linnehan served on the Town Government Committee, Mr. Lewis on the Committee on Code Enforcement, and on two special committees to study the replacement of War Memorials and on the feasibility of Historic Districts, and Mr. Tarr on committees to study the use of voting machines and the problem of drainage in the Winter Street area, as well as the Bypass Committee.

During the year, the Selectmen made the regular appointments of Town officials not elected by ballot and to other non-elected boards. Vacancies on several Town Boards were filled during the year. The Selectmen wish to express here their special recognition of many devoted years of service of Alfred Damon to his town in building a first-class water supply system. In addition, the Selectmen wish to express the Town's appreciation to the following for many hours of unpaid work in the Town's behalf: Mrs. Helen C. Morgan, a Library Trustee; Mr. Fern A. Taylor on the Water Board and as an Assessor; Mr. Thomas McGrath on the Personnel Board; Mr. Charles Cochrane on the Zoning Board of Appeals; and Mr. Charles Peters as a Highway Commissioner.

Other regular activities of the Board included the drawing of jurors, the disbursement of income from the Charitable Funds, the issuance of licenses, the approval of all bills incurred by other Town departments, the acceptance of Town roads, and the initiation of Betterments. The Board also acted in several cases of private complaints or disputes of a local nature.

The Selectmen have taken another step in their program of Highway Safety in obtaining professional services to place legal speed limits on Route 126 and a portion of Route 27. This program will be

continued in 1964.

The Selectmen see as a major concern over the next several years, the continued changes required in those aspects of Town public responsibility that come with substantial population increases. The creation of full-time professional Fire and Police Departments, the reconstruction of Town roads, the eventual solution of rubbish disposal, major questions on the use of now vacant land, adequate public recreation facilities, a concern for Wayland youth, and the conservation of Wayland's aesthetic beauty, are some of the problems that must be faced in 1964, and in subsequent years. Communication and co-operation among the many Town boards and committees is essential to any progress in these areas.

Respectfully submitted,
THOMAS FRANCIS LINNEHAN, Chairman
GEORGE K. LEWIS,
FRANK S. TARR,
Board of Selectmen

REPORT OF THE COMMITTEE ON TOWN GOVERNMENT

This Committee was originally set up to constantly review the operations of Town government, and from time to time make recommendations with respect to changes which might be needed to meet changing conditions. The following matters on which the Committee has previously reported call for further comment.

Cemetery - Tree - Moth Consolidation

The previously recommended consolidation of these three departments is now completed, with the Cemetery Commissioners having jurisdiction. For the first time, in 1964, the combined departments will be operated under a single budget.

Engineering Services

The recommendation for the employment of a Town Engineer having been approved by the Town, the Selectmen are currently screening a number of applicants with the expectation of making an appointment in the near future.

Public Works Department

A further step for the gradual consolidation of all Public Works' functions was accomplished during the year, with the appropriation of funds for the erecting of an addition to the Highway Garage, making possible the centralizing of garage facilities for the Cemetery, Moth, Tree and Park Departments.

Public Safety Department

The combining of the Fire and Police Departments under one administrative head continues, in the opinion of the Committee, to be a goal towards which the Town should be working, having in mind that a single communications center serving all departments probably should eventually be agreed upon. The Committee will make a thorough investigation of the problems involved and it hopes to come up with a firm recommendation sometime during the year.

Asst. Collector, Asst. Treasurer, Asst. Accountant

Continuous proper administration of the primary financial functions of the Town, as represented in the offices of the Collector, Treasurer and Accountant, would seem to indicate a need for the developing of an assistant, first, in the combined operations. Such a person should be available to cover sickness, vacations, or other absences, - or in other words, a general back-up for these departments. In view of the rapid expansion of the work in these departments, the Committee plans to study the problem.

Real Estate Purchases and Sales

The Town is steadily acquiring real property under a number of different circumstances, either through liens, tax titles, or purchases, and for various purposes, such as condemnation, highway, water, park or schools, and in turn the Town is from time to time disposing of property, in a number of different ways. The Finance Committee has brought to the attention of the Committee on Town Government that there is currently a need for a complete review of the Town's holdings. This should include a study of the disposition which should be made of certain pieces of property, looking to the best interests of the Town and the future development of the areas in which the property is located. The Committee on Town Government, therefore, feels that it would be appropriate to set up an Advisory Committee to make the study and work directly with the Selectmen and the Town Counsel, the Committee to consist of the Town Treasurer, one member of the Planning Board, a Park Commissioner, a member of the Conservation Commission, and one member of the Finance Committee.

Respectfully submitted,

THOMAS F. LINNEHAN, Rep. Selectmen
ROBERT M. MORGAN, Rep. Finance Com.
DUNBAR HOLMES, Member-at-large
CAROL J. THOMAS, Member-at-large

REPORT OF THE TOWN ACCOUNTANT FOR THE YEAR 1963

To the Honorable Board of Selectmen:

In compliance with the provisions of Chapter 41, of the General Laws and Amendments, I hereby submit the following report of the Accountant's Department:

REPORT OF THE BOARD OF ASSESSORS--1963

In continuing our policy of reassessing older properties on an area basis, many property valuations were substantially increased for the year 1963. Other areas will be re-examined as this work continues.

The Board of Assessors regrets having to accept the resignation of Fern A. Taylor. Mr. Taylor has served the Town of Wayland in a number of valued capacities.

The Board continued to engage the services of the same professional appraiser as in the years 1961 and 1962 to provide experience with unusual properties. This service continues to prove of great value.

We are pleased to present the following statistics for information and analysis.

WILLIAM S. LEWIS, Chairman
WILLIS B. RYDER

Board of Assessors

REPORT OF THE WAYLAND PLANNING BOARD

During 1963 the Board held regular meetings on the first and third Mondays. Allen H. Morgan was re-elected to a five-year term in the Annual Town Election.

SUBDIVISION CONTROL:

In 1963 the Board approved the following new subdivisions:

<u>Subdivider</u>	<u>No. of New Lots</u>	<u>Feet of New Roads</u>
Wayland Real Estate Co. Highland Circle Ripley Lane Jericho Road	39	5,500
Einar P. Robsham Hickory Hill Road Acorn Lane	20	1,675
Ethelyn Morrill Morrill Drive Lake Road Terrace	13	1,550
TOTAL	<u>72</u>	<u>8,725</u>

A comparison of subdivision activity showing 1963 and the preceding 8 years is as follows:

<u>Year</u>	<u>No. of New Lots</u>	<u>Feet of New Roads</u>
1955	187	15,000
1956	137	14,000
1957	96	11,200
1958	55	6,300
1959	57	5,300
1960	87	10,300
1961	103	10,900
1962	27	2,225
1963	72	8,725

Subdivision activity appears to continue in the 1960's at a somewhat slower rate than the late 1950's.

One additional subdivision is under consideration at the close of 1963 which would itself produce about two-thirds the average number of new lots per year for the last 3 years. This one in particular presents the use of marginal building land requiring large amounts of

earth removal. The development of marginal lands is expected to continue producing drainage and septic tank problems as the demand for house lots in Wayland and the increase in land values continue.

The Board has been fortunate in most subdivisions recently approved to obtain grants of conservation easements to the Town through the Conservation Commission which put certain wet areas and areas of value as preserved wild areas out of the possibility of use for building or septic tank use. We appreciate the generosity of developers who make such grants and urge the continued consideration of such action by developers in the future. Such action enhances the beauty of the Town, and tends to alleviate drainage and sewerage disposal problems.

The Board cannot stress too strongly the urgent need for an early appointment of a Town Engineer. The job description as approved by the last Annual Town Meeting provides for this person to be an administrative assistant to the Planning Board in matters of subdivision control. This work includes, among other things, the policing of work of developers, checking on adherence to the Board's Subdivision Regulations, and determining completion of various phases of work. This service has been performed by the Highway Superintendent at the direction of the Road Commissioners in the past. The burden of work in the Highway Department has forced less attention to subdivision matters and the Planning Board must have assistance in 1964 to ensure that certain developers comply with requirements. The situation is such that the Board expects to take legal action to force compliance. The Town Engineer is needed to determine accurately the remaining work in these cases, and to improve supervision of subdivision construction.

ZONING:

The Board recommends no changes at this time in the Land Use Zones now in existence. It reiterates its recommendations for the eventual use of "Sand Hill" for commercial or business purposes when the Route 20 location problem is resolved.

EXISTING TOWN ROADS--ENGINEERING:

The Board for many years has directed engineering of existing town roads for the purpose of requiring some of the older undeveloped roads to equal layout requirements in the Board's Subdivision Regulations. The Board does this well in advance of likely time of subdivision so that there will be no doubt of subdividers being required to follow current layouts. It is hoped that a plan for Rice Road, laid out in such a manner, will be accepted as a Town Road at the 1964 Annual Town Meeting.

In 1964 the Board will complete similar work on Glezen Lane, east of Concord Road, this work having been started in 1963. In addition, such work will be done in 1964 on Hazelbrook Road. This will

complete the major requirements for such work on the large undeveloped areas, for the most part all on that side of the Town east of Route 126.

After 1964 our priority list for such work in the order of necessity is:

Glezen Lane, west of Concord Road
Waltham Road
Plain Road
River Road
Pelham Island Road

It is not contemplated that reconstruction of the above roads by the Town be undertaken except in instances where traffic hazards exist in which case provisions for such improvements is incorporated in the plans prepared by the Board.

CHAPTER 90 ROADS:

The continuation of the Chapter 90 Road Construction and maintenance program is of financial benefit to the Town in that the construction cost to the Town is 1/4 of the total cost, and maintenance cost to the Town is 1/3 the total cost. The work is done in cooperation with the county engineers and generally occurs on roads that are "through traffic" roads.

The current Chapter 90 work involves reconstruction of Old Connecticut Path. It is understood that immediate attention may be paid by the County Engineers to an improvement in the very dangerous situation at the intersection of Old Connecticut Path, Route 27, and Route 126. It is recommended that this be accomplished before continuing with the remainder of Old Connecticut Path.

Sherman's Bridge Road should be the next road in priority for Chapter 90 work. The traffic load is now too great for the existing road. In addition, it appears vital that the Water Department install pumps for use of the new well field off Oxbow Road as soon as possible. Water consumption in a six day period in June, 1963, was perilously close to the maximum supply from the two other existing well fields. To connect the Oxbow Road well field to the system involves installation of new large mains through Oxbow Road and Sherman's Bridge Road to Concord Road. This should be done at the same time that Chapter 90 construction of Sherman's Bridge Road is done. The connection of this new well field to the Town system will provide a supply of water to handle the town's needs for many years.

The next road in priority for Chapter 90 work is Stonebridge Road.

BETTERMENT PROGRAM:

For many years the construction of utilities and surfacing of roads under the Betterment Program has included a priority list of roads where abutters have requested construction. The priority list has been established generally by the Finance Committee and the Road Commissioners. This program should be continued at a rate determined economically feasible by the Finance Committee.

Betterment for road construction is assessed to abutters when the improvement serves only the abutters. Where the improvement is more of the nature of being an improvement serving the Town as a whole, construction is then done outside the Betterment Program wholly at the Town's expense. Under the Betterment Program, the cost is shared equally by the Town and the abutters.

EXISTING TOWN ROADS--RECONSTRUCTION:

Certain roads have been surfaced or otherwise reconstructed completely at the Town's expense rather than on a basis of sharing the cost with abutters as in the Betterment Program. Most recently School Street has been reconstructed in this manner. It is recommended that this program continue at a rate economically feasible in the opinion of the Finance Committee, and that in certain areas of the Town, this work should be coordinated with the Betterment Program. The Planning Board in 1964 plans to study such a coordinated program.

MAJOR HIGHWAYS:

Although the Post Road Bypass around Wayland Center is still an uncertainty, the Board is still of the opinion it has held for many years, that the route of such a Bypass should be roughly from Ten Acres on the east, north of Sandy Burr Golf Course, to the Post Road west of the railroad crossing near the entrance to the Raytheon Laboratory.

In 1963 the Legislature established the Boston Regional Planning Project, which includes many cities and towns surrounding Boston of which Wayland is one. The agency seeks to coordinate planning for the area, particularly in the fields of highways and transportation. It points out Federal Government requirements for continued area planning where Federal grants of money are involved in certain major highways.

The relocation of Route 20 as the "Post Road Bypass" around Wayland Center would fall into this category.

The exact route of such a bypass appears a number of times in reports and on plans prepared by the Board in the past as

following the general route described above, and conforms to general recommendations in the past of the State Department of Public Works.

OTHER PLANNING:

The Board considers this report, and past annual reports, together with the special report on Planning for Wayland issued in October 1962, as a continuing Planning Recommendation Report to the Town, and expects future annual reports to be such an updating and continuation.

POPULATION AND PROJECTIONS:

	<u>Year</u>	<u>Population</u>	<u>Change Over Preceding Year</u>
January 1	-- 1962	11,445	480
January 1	-- 1963	11,782	337

The 1963 projection of population in October 1962, Planning Report was 11,750; and 1964 was estimated at 12,200.

It must be assumed that the population trend is to be the same as shown in the October 1962 edition of the Planning Report, in the absence of a wide variation in the 1963 actual population in relation to the forecast. It is reasonable to assume that a three-year lapse would be ordinarily required to establish a reliable change in the trend.

Respectfully submitted,
ROBERT H. CHARNOCK, Chairman
L. WILLIAM BERTELSSEN,
GEORGE F. BOWERS,
KATHERINE HODGES,
ALLEN H. MORGAN,
EDWARD F. THORBURN,

REPORT OF THE CONSERVATION COMMISSION

The Commission has met regularly, usually semi-monthly: Mrs. Richard E. Robinson was appointed during the year to replace Mr. Charles Eckerline, resigned. Mr. Fern A. Taylor, representing the Water Board, resigned.

A long-range outline of the Commission's plans and a statement of the philosophy behind those plans was published during the year and circulated among the townspeople entitled, "A Conservation Program for Wayland".

Several gifts of conservation easements were accepted during the year. The Commission has continued its detailed planning and inventorying of potential conservation areas for acquisition, including negotiation with landowners.

Respectfully submitted,
WILLIAM C. BALL,
HARRISON L. BENNETT,
MRS. SAMUEL A. CUTLER,
EDWARD C. MENDLER,
ALLEN H. MORGAN,
MRS. RICHARD E. ROBINSON,
Conservation Commissioners

STATEMENT OF THE WAYLAND REDEVELOPMENT AUTHORITY

As with so many things, an urban renewal project in the Dudley Pond area was a good idea in theory, but not in practice. Had there been a plan within a year or eighteen months after the Authority was organized, things might have been different. As it is, we have, regretfully, kept the people of the area on tenterhooks for far too long, as we tried to work toward the preparation of a plan in an effort to carry out the mandates of Town Meeting. In view of further anticipated delays beyond our control, the matter was submitted to a vote of the people of the proposed project area. Since the people of the area did not want us to proceed, it was our decision to abandon this project and submit the question of dissolution of the Authority to the next Annual Town Meeting, as required by law, instead of tabling urban renewal as proposed by the two minority members.

Respectfully submitted,
GEORGE V. DEVERELL, JOHN R. McENROY,
LAURENCE S. FORDHAM, HARVEY C. NEWTON,
A. WILLIAM ROWE.

REPORT OF THE CHIEF OF POLICE

December 31, 1963

1. MOTOR VEHICLES VIOLATION:

Speeding	43
Operating to Endanger	20
Operating Under the Influence.	12
No Sticker.	2
Failing to Keep to the Right	5

Larceny.	7
Breaking and Entering	2

Breaking and Entering in the Night Time with Intent to commit Misdemeanor . .	2
Breaking and Entering in the Night Time with Intent to commit Felony	2

The Wayland Police Department served during 1963: 526 Summons; 16 Subpoenas; 2 Show Cause; and 8 to Parents.

The Officers checked the homes of 580 people who reported that they would either be away or on vacation.

The Department recorded 15,373 radio calls made either to or by the department dispatchers during the year for accidents; fires; inebriates; fights; stray dogs; and etc.

The Department answered 1,320 Complaints during the year consisting of the following:

25	Missing and Lost Persons
24	Stolen Cars
10	Other Department Complaints
11	Breaking and Entering with intent to commit Larceny.
1	Attempted Larceny.
134	Larceny
167	Vandalism
21	Obscene telephone calls
34	Other telephone calls
51	Hunting, Shooting, Fireworks
44	Speeding Complaints
1	Shop Lifting
7	Go carts
2	Blue Laws
25	Disturbing the Peace
8	Motor Boat Speeding
3	Larceny by Check
1	Counterfeit Bill
208	General Complaints
28	Assault & Battery and Fighting
12	Accosting and Molesting
4	Armed Robbery
87	Dog Complaints
10	Stray Dogs
75	Suspicious Persons and Cars
14	Drunks
8	Salesmen
18	Hit and Run
81	Prowlers
59	Civil Cases

23	Parked Cars
1	Refrigerator with Door
2	Sudden Deaths
21	Rubbish on the Streets
2	Bank Alarms
5	Junk Cars
3	Stripping Cars
2	Bomb Threats
5	Threats
1	Arrest on Warrant
1	Larceny by Mail
1	Arson
1	Fraud
2	Assault with a Gun
2	Self-inflicted Gun Wounds
1	Attempted Suicide
1	Larceny of Motor Vehicle Inspection Sticker
4	Obscene Language
4	Indecent Exposure
3	Mental Cases
6	Trespassing
1	Abandoned Child
1	Rape

The Department used the lockup cell forty-three times during the year.

Again this year I have submitted the following requests to the Board of Selectmen and the Finance Committee:

A radar machine has been purchased with the objective in mind of more precise control of traffic flow. A new unmarked cruiser has been requested so that the radar equipment may be used less conspicuously and thus more efficiently.

A new style badge has been introduced for all members of the department.

Four additional policemen have been requested in order that the citizens may be more adequately protected.

Over twenty thousand dollars worth of personal belongings have been recovered and returned to the owners. In addition, eighteen unclaimed bicycles are available to the owners.

Again I am asking for the installation of traffic lights at the following junctions:

1. Routes 27 and 126
2. Memorial Square
3. Oak Street and Commonwealth Road

This latter proposal requires first, the initial approval of the State Department of Public Works.

I extend my thanks to the various department heads, the patrolmen, sergeants, and the Auxiliary Police, and citizens of the Town. It is by the combined harmonious efforts of all, that the Department is able to grow and operate efficiently.

Respectfully submitted,
ERNEST H. DAMON,
Chief of Police.

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

For the Year Ending December 31, 1963

Alarms Answered--1963

Number of Alarms for Fires

Residential Buildings	42
Non-Residential Buildings.	10
Mercantile	6
Grass or Brush	166
All Other Fires (Motor Vehicle, Machinery, Rubbish, etc.)	120
Mutual Aid	6

Number of Alarms for Non-Fires

Rescue, First Aid, Emergency Calls and Investigations . .	331
Mischievous and Malicious False Alarms.	10
Smoke Scares, Honest Mistakes and Accidental Alarms. . .	16

Total 707

Comparison of Alarms Answered - 5-Year Period

1959	300
1960	414
1961	433
1962	485
1963	707

Property Damage--5-Year Period

1959	\$45,775.00
1960	11,571.00
1961	110,830.00
1962	10,330.00
1963	74,470.00

Permits Issued

Fires in the Open Air	1,493
Installation or Alteration of Oil Burning Equipment . . .	89
Installation of Liquified Petroleum Gas	19
Blasting	23

An analysis of the alarms answered in 1963 not only reflects the result of the long dry spells of the Spring and Fall seasons but also once again it is indicative of the residential growth.

Fires other than in buildings and brush increased by 100% over 1962.

Rescue, First Aid, Emergency Calls and Investigations (principally to the home) were up 26% over 1962.

During the extended hazardous dry periods of 1963 it was necessary to place a ban on all outside burning and place mobile fire patrols into operation. The cooperation of the citizens of Wayland during this critical period was excellent and helped greatly our efforts to hold the fire threat in check.

Fire Prevention activities by this Department included the inspection of municipal buildings, nursing homes, business places, and multiple family dwellings. Single family dwellings were inspected, on request, and recommendations were made regarding hazards and family escape plans.

Fire Prevention films and instructions were presented by Department personnel to various groups, clubs and organizations.

Open house was held during Fire Prevention Week at both fire stations. Special displays of equipment and apparatus were explained and demonstrated.

Special projects by high school students and Boy Scouts were counseled by members of the department.

Periodic fire drills were held at all public schools, with the cooperation of the School Department.

The inspections of oil burner and liquified petroleum gas installations were conducted on a continuous basis throughout the year.

During the year this Department actively participated in the work of the Code Enforcement Committee. Twenty unsafe or hazardous structures were razed this year under the Code Enforcement Program and many hazardous conditions were corrected.

The Department training program was carried out in a series of sessions held in the Spring and the Fall of the year. In addition, full time members of the Department attended seminars and conferences conducted by the Massachusetts Institute of Fire Department Instructors, the International Municipal Signal Association, the Fire Apparatus Maintenance Association and the International Association of Fire Chiefs.

The municipal fire alarm system was extended by the Department

on Stonebridge Road, Overlook Road and Riverview Circle.

The alarm system was also extended by the installations made by subdivision contractors on Alden Road, Brewster Road, Oxbow Road, Holiday Road, Keith Road, Hickory Hill Road, Morrill Drive, Rice Spring Lane, Aqueduct Road, Gregory Lane and Linn Lane.

Another step in the long range program for the purchase and replacement of apparatus was completed this year with the acquisition of a 750 G. P. M. pumping engine approved at the annual town meeting in March 1963. The apparatus furnished by the American LaFrance Company of Elimira, New York, was delivered on September 16, 1963. The apparatus and equipment was inspected and tested and Department personnel received instructions on the operation and maintenance of the apparatus from the American LaFrance field engineer who remained here for three days for this purpose as per contract.

The underwriters acceptance tests were conducted on September 18, 1963, and the records of the tests forwarded to the New England Fire Rating Association office in Boston, Mass., on September 19, 1963. The apparatus was accepted on the same date and placed in service at Fire Headquarters (Station #1) September 20, 1963.

The first step of a long range plan to gradually provide eight additional full time personnel was approved at the annual town meeting in March 1963, and three men were added to the permanent force on May 1, 1963.

The availability of call or part time firefighters continues to be critical as the changing character of the community tends to diminish their number.

Therefore, the 1964 budget request includes an amount which would allow for step number two of the long range plan which provides for three men to be added to the Department on May 1, 1964.

The Fire Department at the present time is in what must be considered its formative years from the standpoint of permanent personnel. We are endeavoring to build a capable, efficient and progressive Department. The standards we wish to attain cannot be reached without capable, competent people.

In view of the above, we must consider the various factors that confront us as we plan our development.

Fire departments need more highly educated personnel. As our day to day living changes, we must stop and consider how the great developments in science, chemistry, industry and transportation are

presenting new problems and responsibilities to the Fire Service.

One common problem faces all communities in the country: How to maintain adequate fire protection in the face of increasing hazards and mounting costs. Today's unprecedented economy is reflected in all our lives. Our expanding population has been accompanied by new housing, more commerce and many new hazards. All this has brought increased protection problems to municipal officers.

Community leaders and municipal officials in particular must realize that the fire service is an integral part of our economy. It protects capital investment, jobs and lives. Although a service, it parallels business and industry in all aspects of management and production. Yet its rate of compensation to personnel generally, is much lower. This should not be.

Today's fire department is a more complex organization of men and equipment, rigorous training, house and building inspections and careful planning. Firefighting is only one of its many responsibilities. In fact, the firefighting division of the modern fire department is only one of seven major divisions. The others are recruitment and training, fire prevention, operations planning, administration, maintenance and repair, and public relations.

The fire service is striving constantly to maintain an efficiency of operation which has characterized it over the years and which today is helping to meet the challenge of the times.

I wish to extend my thanks and appreciation to the members of the Department, and to all persons who in any way have cooperated and assisted in its operation and development.

Respectfully submitted,
FRANCIS J. HARTIN, Chief
Wayland Fire Department

REPORT OF THE BUILDING INSPECTOR

The Building Inspection Department submits the following report for the year ending December 31, 1963:

Building Permits:

97	New Houses
53	Alterations
14	Porches
20	Buildings Torn Down
6	Repairs
1	Greenhouse
1	Cow Barn
1	Test Building
1	Pigeon Loft
1	Stable
15	Re-side with metal
1	Sash house
1	Swimming & Tennis Club
1	Office
12	Garages
1	Addition to Telephone Exchange
8	Storage or Tool Sheds
3	Carpports
4	Swimming Pools
1	Service Building
1	Arbor - Roadside Stand
2	Churches
1	Filling Station
1	Silo

Wiring Permits:

112	New Houses
90	Alterations
2	Repairs
5	Gas Burner - Electric Controls
17	Electric Dryers
2	Churches
10	Rewire Old Houses
1	School Addition
9	Oil Burners
2	Oil Fired Hot Water Heaters
6	Air Conditioners
1	Office
1	Electric Dishwasher
3	Barns
1	Recreation Hall
7	Swimming Pools

Wiring Permits, Cont.:

- 1 Sprinkling System
- 1 Disposal Unit
- 1 Service Building
- 1 Parking Lights
- 1 Forced Water Gas Boiler
- 1 Forced Air Gas Furnace
- 1 Fire Alarm System
- 1 Accessory Building
- 1 Business Block
- 1 Electric Hot Water Heater
- 2 Garages
- 1 Storage Shed
- 1 Traffic Light

The estimated cost of all building permits issued which includes commercial buildings, new houses, alterations, accessory buildings, garages, etc., amounted to \$1,984,920.00.

The estimated cost of all non-taxable buildings amounted to \$227,650.00. The total estimated cost amounted to \$2,212,570.00.

NEW HOUSE DEVELOPMENT BY PRECINCT

<u>Year</u>	<u>Cochituate</u>	<u>Wayland</u>	<u>Total</u>
1960	58	94	152
1961	37	62	99
1962	38	47	85
1963	59	38	97

CHURCH, COMMERCIAL, MUNICIPAL AND FARM, etc., permits consisted of:

MARCH:	Cow barn, Watertown Dairy, Moore Road. Test Building, Raytheon Mfg. Co., Boston Post Road.
APRIL:	Service Building, Wayland Swimming and Tennis Club, Glezen Lane.
MAY:	Addition to N. E. Tel. & Tel. Co. Ex- change, Boston Post Road.
JUNE:	Ten room addition to Loker School finished. Permit was issued in 1962.
JULY:	Service building, Water Department, Old Sudbury Road.

OCTOBER:	The American Lutheran Church, Concord Road.
NOVEMBER:	The Protestant Episcopal Diocese of Massachusetts - to build a Church--Rice Road.
DECEMBER:	St. Ann's Church, Cochituate Road, finished. Permit issued in 1962.

NEW DEVELOPMENTS AND ROADS

Keith Road was extended into interior lots from Main Street by the Robsham Realty Company.

Morrill Drive was extended into interior lots starting at West Plain Street and continuing to Lake Road Terrace by Mrs. Rena Wheelock.

Hickory Hill Road was extended into interior lots and Acorn Lane from Concord Road by the Robsham Realty Company.

Alden Road was extended to Loker Street with Hobbs Road connecting on to it by Miss Mary Kelly.

Highland Circle and Ripley Lane were started late in the season, extending into interior lots from Draper Road by the Swiedler Building Corp.

NEW AMENDMENTS TO THE BUILDING CODE

In January, upon approval of the Attorney General, the amendments enacted at the March 1962 Annual Town Meeting were put into operation. These amendments were as follows:

(1) Certification by the engineer stating that all foundations as shown on submitted plot plans are placed correctly on the site for elevations and zoning requirements.

(2) Final inspection before occupancy of a building.

(3) For the permitted use of dry wall finish of one hour fire retarding material on attached garages.

(4) The grounding of metal siding installed on buildings.

Permits were issued for the following pieces of property to be torn down for the following purposes, to rebuild on the same site or to use

the land for parking areas or through zoning decision for its removal:

- Concord Road - Dwelling
- 5 Pleasant Street - Garage
- 19 Old Conn. Path - Hen House
- 51 Cochituate Road - House
- 144 Pond Drive--Dwelling
- 41 River Road--Brooder House
- 36 Woodland Road - House
- 264 Main Street - Garage
- 17 Sunset Road - House
- 528 Boston Post Road - Chemical Laboratory
- 120 W. Plain Street-- Out-Building
- Off Boston Post Road - Piggery
- 28 Boston Post Road - Barn

As in the past, this department took an active part as a member of the Code Enforcement Committee. Numerous hazardous conditions on dwellings were corrected, and the following houses were condemned and torn down, through joint action of department heads on this committee:

- 6 Moore Road - Barn
- 17 Pemberton Road - House
- 29 Mathews Drive - Cottage
- 34 Sherman Bridge Road - Out Buildings
- 10 Birch Road - Dwelling
- 10 Edgewood Road - Garage
- 218-D Main Street - Cottage

Fifty-six Zoning Variances were prepared and presented to the Zoning Board of Appeals for decision.

Inspections were made in public buildings, which consisted of the check up on structural strength, electric wiring, over fusing, sticking exist doors, exit lights, emergency lighting systems, etc.

Fees collected from wiring and building permits and zoning applications during 1963, amounted to \$3,906.50, and have been turned over to the Town Collector.

The Building Department takes this opportunity to thank the Town Officials and citizens who have helped in the affairs of this office in the past year, and to the contractors on their excellent cooperation in complying with the new rules on certification of plot plans and occupancy requirements.

Respectfully submitted,
HOMER L. MacDONALD

REPORT OF THE MOTH SUPERINTENDENT

The roadside trees were sprayed for the control of the Dutch Elm Disease, as well as sprays applied for control of other destructive insects, which defoliate our trees. There were four well-timed sprays applied this year, and we refrained from entirely using the product known as D. D. T. and used other spray material, which gave us a satisfactory control.

The Poison Ivy spraying program was also carried out at all strategic locations, such as school grounds, or play areas, near fire hydrants, or alarm boxes, and other areas where ivy was seen.

The removal of confirmed Dutch Elm Disease trees was completed, and much sanitation work was performed in accordance with the state recommendations.

Respectfully submitted,
JOHN E. NELSON

REPORT OF THE TREE WARDEN

During the year 1963 all of the roadside trees in the entire town were checked and dead branches that overhung the roadways were removed as well as several trees which had become rotted or weak, creating a potential hazard in a windstorm or other severe weather condition.

The tree planting program continued and thirty-five maple trees were set out in areas where they were most needed.

It would be greatly appreciated if property owners having trees near the roadway would examine them for dead wood or rotted cavities on the trunk, and would remove or repair such trees. An ice, snow, or windstorm could cause a tree or portion of a tree to fall upon the highway and constitute serious damage or traffic hazard.

Respectfully submitted,
JOHN E. NELSON

REPORT OF THE BOARD OF HEALTH

The Board of Health submits the following report for the year ending December 31, 1963.

STATISTICS

Permits issued by the Board of Health in 1963:

Restaurants (Eating and drinking permits)	25
Milk (Store and restaurant)	35
Milk (dairy)	16
Alcohol	10
Ice Cream (manufacture)	1
Sewage Disposal permits	128
Nursing Homes	3
Camps	1
Nursery Schools	4
Burial Permits	54
Notice to Abate a Nuisance	291

Number of Premature Births reported to the Board of Health 15

Communicable Diseases reported to the Board of Health, January to December 31, 1963:

Chicken Pox	78
Dog Bites	86
Mumps	48
Scarlet Fever	11
Strep Throat	122
Measles	54
German Measles	281
Infectious Hepatitis	2
Salmonellosis	13
Bacillary Dysentery.	2
Meningitis	1
Tuberculosis	1

DOG CLINIC

A total of 80 dogs were inoculated and protected against rabies. A Clinic was conducted under the direction of Dr. Paul R. Granholm of Weston, Mass.

DENTAL HEALTH PROGRAM

School Year 1962-1963

A total of 271 children were seen at the dental clinic during the last school year. Of this number, 52 were pre-school children, and 229 were school children. 614 visits were made to the dental clinic.

A topical flouride program has been outlined to be initiated in the dental clinic in the Fall. The Wayland Dental advisory committee participated in the mouth guard program for the school year.

Because of the many demands for dental care, the Board of Health deemed it necessary to limit the clinic to pre-school and elementary school children. This policy was effective September, 1963.

Respectfully submitted,
THOMAS G. LEONARD, D. D. S.
Board of Health Dentist

SANITARY ENGINEER'S REPORT

Board of Health
Wayland, Massachusetts

Gentlemen:

The following is a report on my activities for your Board for the calendar year 1963.

SEWAGE DISPOSAL

During the calendar year 1963, one hundred and twenty-eight (128) permits were issued by your Health Agent for the construction or alteration of sewage disposal systems, after the preliminary and other inspections and recommendations were made to your Board. A total of more than six hundred (600) inspections were made to insure effective design and construction of these systems, and to advise builders and home owners concerning the proper installation, operation, and maintenance of these new or existing facilities.

RESTAURANT SANITATION

During 1963, the practice of making unannounced inspections of eating places was continued, with several joint inspections made with the Board of Health agent. While most eating establishments

continued to operate in a satisfactory manner, there were several instances in which immediate corrective action was required of the owners.

MILK INSPECTIONS

A total of six hundred and nineteen (619) samples of milk and cream were collected during the year by your Health Agent from the dairies and other licensed outlets selling milk and cream in Wayland. These samples were examined in the laboratory for total bacterial count, coliform bacteria, and phosphatase, with results reported to the dairies concerned, as required by law. As a result of these examinations, several instances of faulty milk handling were detected, and your Health Agent took immediate steps to have corrective action taken by the dairies concerned.

LAKE COCHITUATE BATHING BEACH

During the summer bathing season, weekly samples were collected and examined in the laboratory to provide for a check on the water quality in the bathing area.

Respectfully submitted,
THOMAS J. RINALDO

Conferences in behalf of patients		266
Well Child Conferences:		
Number of sessions		41
Number of children attending		181
Total number of visits made		357

* Appointed June 8, 1963

During the year a total of 1,531 visits were made in behalf of patients who needed care. Seventy-three different individuals were the recipients of these nursing visits. The type of care they received included surgical dressings, bed baths, hypodermic injections and simple exercises. The diagnoses of these patients covered a variety of illnesses such as, pernicious anemia, intestinal obstruction, arthritis, cancer, multiple sclerosis and cardiovascular disease.

A total of forty maternity patients received 125 visits. The guidance given to an expectant mother encompasses such areas as the process of reproduction and the development of the baby, proper diet, preparation for the new baby, and planning for hospitalization. After the mother and baby return home, the nurse visits to help the mother in the necessary adjustments for the care of the baby, and for her own health.

A total of 1919 health guidance visits were made to a total of 559

individuals. Health guidance to well individuals is directed towards helping the family to prevent illness and to promote optimum health. Guidance given to mothers of young children is concerned with preparing the mother for various stages of the child's growth and development in each age period.

Other health guidance visits were concerned with counseling the parent or patient about specific problems such as helping a mother to establish routines for a child with cerebral palsy, discussing insulin administration and diet plans for a child with diabetes mellitus, interpreting the findings and recommendations of a school physical examination and giving help and supervision to a mother with a new premature infant.

There were forty-one well child conferences during the year. A total of 181 children attending these sessions. The nurses were involved in scheduling appointments for these sessions, interviewing the mother, assisting the physician and interpreting the findings and recommendations of the physician.

Last spring a course in Disaster Nursing was offered to registered nurses residing in the Town. A total of 30 registered nurses attended the series of ten - 3 hour classes which were conducted by the senior public health nurse.

The nurses continued to assist at clinics, participate on professional committees, and meet with various allied professional groups in relation to particular problems, and to cooperate in the development of health programs.

Three undergraduate students and two graduate students from Boston University School of Nursing and one graduate student from Boston College School of Nursing had field experience at this agency during the year.

Last June a new nurse was added to our staff. This brought our complement of staff nurses up to five. The Parmenter Health Center plans to add another nurse in 1964 and thus enable us to provide more comprehensive services to the Town.

Once again we wish to extend our sincere appreciation and thanks to all the competent volunteers who have assisted us throughout the year.

Respectfully submitted,
LOUISE M. McMANUS, R. N.

SCHOOL HEALTH SERVICES
FOR THE SCHOOL YEAR 1962-1963

SCHOOL PHYSICIAN
CHARLOTTE A. STEWART, M. D.

A total of 393 teacher-nurse conferences were held during the school year. Most of these conferences were in behalf of students with particular health problems. There were 240 conferences with principals. These conferences were concerned with: the overall health program in the school, plans for specific health service activities such as vision and hearing schedules, and specific problems of an individual student related to the school program.

There was a total of 45 conferences with students, and 49 with parents at school. A total of 71 conferences were held with guidance personnel, and a total of 136 with other personnel.

A total of 2,981 students received hearing tests. Of this number, 70 students were referred for medical evaluation. 38 of these students followed through on these referrals. Of the 120 children who were referred for visual evaluation, 83 followed through. Many reports from the physicians are not returned until the following school year. Therefore, these are not included in the above statistics.

Physical examinations by private physicians continued to increase. Of the 1,049 students who had physical examinations, 952 or ninety-one per cent were examined by private physicians and ninety-seven or nine per cent were examined by the school physician.

A total of 204 students in grades one through eight received diphtheria-tetanus booster inoculations by the school physician.

825 students received tuberculin skin tests. Five children had positive reactions. Follow-through was completed, and they are all under medical supervision.

A total of 2,187 visits were made to the Junior High School health room, 1,933 students reported to the Senior High School Health room.

A comprehensive report describing school health services was mailed to each resident at the beginning of the year.

NEW REGULATIONS ADOPTED BY THE BOARD OF HEALTH

SWIMMING POOLS:

A permit must be obtained for any type pool by the owner of the property.

Contractors who build pools must also be LICENSED.

WET LAND REGULATION: Any lot having standing water on it may not be filled in order to allow for 100% expansion of the sanitary system.

Contractors using two or more personnel on any building, must have suitable toilet facilities on the job site.

A new type of application for DISPOSAL WORKS CONSTRUCTION PERMIT has been adopted. These forms are to be filled out by the owner or his authorized representative. They are available at the office and must be in duplicate.

OTHER CLINICS:

611 individuals attended the chest x-ray program held in the Fall.

The Type II oral polio clinic was held for the first time last winter. 6,720 residents availed themselves of the vaccine. 703 residents attended the Type I make-up clinic and 668 attended the Type III make-up clinic in the Spring.

OFFICE HOURS:

The Board of Health holds office hours at the Parmenter Health Center on Monday through Thursday, from 5:00 to 7:00 P. M. Licenses and permits are issued at this time.

RONALD H. WOOD, AGENT

FREDERICK PERRY

MOSQUITO CONTROL IN WAYLAND IN 1963

The 1963 Mosquito Control Program was modified somewhat in order to reduce the applications of DDT in the western part of the district. Pre-season DDT dusting by hand was made with lighter applications than usual. Helicopter dusting of the larger swamps was cancelled completely as a pre-season control and those areas were sprayed with Malathion after mosquito larvae appeared in late April and May. Results were generally inferior to the pre-season method.

No DDT was used in the eastern part of the district and relatively small amounts in the middle part of the district. Migration of mosquitoes into the westerly areas was severe in late May and June. A considerable amount of helicopter and truck fogging with Malathion was done against these, but the weather was too often unfavorable for best results. The eastern half of the district did not have this problem. The summer program was carried out principally with Malathion although Dieldrin and Baytex were used for spraying catch basins. In general, the eastern part of the district had an unusually successful season. The western part was hard hit by the spring migration, but it improved afterwards.

Drainage maintenance was done mainly in the spring and fall and is generally somewhat behind schedule. New drainage was undertaken in Cambridge, Lexington, Newton, Weston, Wellesley, Wayland and Sudbury.

Mosquito Control Halted in Lincoln: The Town of Lincoln asked to be included in the East Middlesex Mosquito Control Project in 1954. It was accepted and a routine mosquito control program was carried out for several years. Since that time a number of people who are opposed to mosquito control, instigated an active campaign which resulted first, in curtailment of the program, and finally, last spring, in a complete halt of mosquito control work.

Similar anti-mosquito control efforts are increasing in most of the other towns and cities in the Project, and also in the other mosquito control districts in the State.

PESTICIDE BOARD REGULATIONS: The new State Pesticide Board has announced that examinations for licenses to apply pesticides will be held in February and March. The regulations established by this Board would seem to require that all East Middlesex Mosquito Control Project field personnel possess licenses if they are to continue in the mosquito control program. Accordingly, a series of short "school" sessions is being undertaken to familiarize Project personnel with knowledge of hazard and safety precautions involved in the use of pesticides. These sessions are held during bad weather when outside

work is impractical.

Building: The attempt to acquire a new building is continuing. At present the Building Committee is negotiating with the Weston Selectmen. Detailed plans of the proposed building were prepared. The advantages of the Project building on Town Land or the Town putting up a building to be leased to the Project, are being weighed.

The special funds provided for the building program are held in a separate account and are not used in the mosquito control budget.

Equipment: Because of the need for making funds available for possible building, the usual vehicle replacement schedule was postponed in 1963. However, new vehicles will have to be obtained soon. A new light weight aluminum boat was purchased this year. It replaced an old wooden punt that was beyond repair. There are tentative plans to purchase another truck fogging unit for use against adult mosquito infestations particularly during the period of spring migration. It would be a quiet running unit as compared to our Dynafog that could be operated during the pre-dawn hours when there is the least traffic. The new developments in insecticides, the many new subdivisions being built, and the increasing difficulty in obtaining helicopter service, making fogging more useful. However, if there is a considerable increase in the number of anti-mosquito control people, the use of a second fogging unit might be impractical. More information on public reaction is needed before this decision to purchase is made.

FINANCIAL: The monthly reports show the current activities and financial position of the mosquito control program in each city and town. In the December report as many as possible of the discounts and various other changes are brought up to date. There is more detailed information in the individual reports to each city and town which are made at the end of the year. A consolidated summary of expenditures as allocated in 1963 is presented here:

EXPENDITURES in 1963

Labor	\$3,718.60
Insurance, retirement, etc. .	364.78
Office operation	651.56
Rents	398.16
Equip. & Field operations . .	938.39
Insecticides.	252.57
Aircraft service.	330.00
TOTAL	<u>\$6,654.06</u>

The East Middlesex Mosquito Control Commission has requested an appropriation of \$7,000 for mosquito control in 1964.

Respectfully submitted,
ROBERT L. ARMSTRONG,
Superintendent

REPORT OF THE BYPASS COMMITTEE

Every year since 1948, the Commonwealth of Massachusetts, through its Department of Public Works, has promised the Town of Wayland, the construction of a bypass that would extend south of the present Route 20.

The bypass would begin just west of the former Ten Acres, Inc., run fairly parallel, with the existing Route 20, pass over Routes 27 and 126 at the foot of Sandy Burr hill, and join Route 20 again, somewhere west of Wayland's Raytheon Laboratory.

Annually the D. P. W. has been changing its thinking, relative to the construction of the bypass. Several years ago, they suggested we wait until the Massachusetts Turnpike was finished, and opened, and then see if this new turnpike would relieve some of the traffic congestion in Wayland.

The Massachusetts Turnpike was finally opened and used, but it had very little or no effect on the Wayland traffic.

A more recent request was made for Wayland to wait for the completion of the Massachusetts Turnpike Extension into Boston. The completion of this extension is several years away.

We, the Wayland Bypass Committee, are convinced, that the final opening and use of this extension will offer absolutely no relief to our problem.

Wayland's traffic problem is strictly a local one. The majority of people living in towns surrounding Wayland, find it necessary to travel through our Town to get to their place of business.

Only recently we were informed that the D. P. W. was considering the construction of a new road from the Outer Belt Highway--495-- to a point somewhere along Route 128.

If and when this should be built, the Committee still feels the North-South traffic would still remain a major problem.

It is the intention of the Committee to continue their negotiations with the Commonwealth of Massachusetts for some sort of relief. However, we also feel that a complete review of the Town's problem should be made by a joint meeting of the Selectmen, Road Commissioners, and the Finance Committee.

The Committee will continue to make reports to the Town, either at Town Meetings or through the local press.

Respectfully submitted,

FRANK S. TARR, Chairman
FREDERICK G. PERRY, JR.
JAMES DeNORMANDIE
CHARLES PETERS
ROBERT M. MORGAN
CHIEF ERNEST H. DAMON
LEWIS RUSSELL, JR.
ANGELO CAVAGNARO
CHARLES OWENS, JR.

REPORT OF THE ROAD COMMISSIONERS

Again, as in 1961 and 1962, the Highway Department continued the program to complete various projects authorized in previous years and also to undertake new projects as per the current years' schedule.

The following projects were completed, or nearly completed as follows:

1. BETTERMENTS:

Rolling Lane resurfacing, including granite curbing at the intersection of Old Connecticut Path.

2. DRAINAGE:

The drainage on School Street has been completed. A storm drainage system on Parkland Drive was completed and connected to the drain in West Plain Street. Several drainage projects were completed to eliminate storm water problems. Concrete pipe for the dual culvert was purchased for Pinebrook Road, which has been a troublesome flooding problem for many years. Due to the cold weather conditions, it was impossible to construct the culvert this year. However, work will be done early in 1964.

3. CHAPTER 90 WORK:

(a) Reconstruction of Old Connecticut Path was continued from the M. D. C. Aqueduct westerly to Rice Road. Storm drainage was installed, the base course of bituminous pavement was placed, stone walls rebuilt and post and rail fences have been replaced. Drainage easements were obtained in conjunction with this year's construction and for future construction of this road in 1964, and the following years until completion, which will include a new interchange at the Five Paths or Cochituate Road. This Board has worked very closely with the State and County Engineers and the other Wayland Boards to keep Old Connecticut Path's layout, trees, walls, etc., as near as possible to its original state of rural scenic beauty.

(b) MAINTENANCE:

Main Street, Cochituate Road, Concord Road and Commonwealth Road were resurfaced with an armour coat of asphalt and crushed trap rock in lieu of bituminous concrete in order to protect the greatest length of road within the appropriation.

4. SIDEWALKS:

Construction of a sidewalk on East Plain Street by Highway Department forces is continuing and additional funds have been requested for this and future sidewalk projects.

5. CARE OF DUMP:

An additional 100' section of chain link fence was installed which included metal screening, straightening and repairing of the original fence which had been damaged. Due to the serious drought conditions which brought on the fire ban, burning was discontinued during this emergency period and expensive and space consuming sanitary fill method was used. In 1964, the Board proposes to step up the rodent control program which was initiated in 1962.

6. RECONSTRUCTION OF EXISTING TOWN ROADS:

The final section of School Street from Loker Street to Main Street was completed including storm drainage, and base and finished courses of bituminous concrete. The Department has continued the street oiling maintenance program, road sweeping operations, roadside cleanup and brush control and general maintenance along with the ice control and snow removal program. Inspections of road and drainage construction by sub-developers were made and reports were sent to the Planning Board.

Many meetings were held with the Personnel Board in regard to the hiring of a new Highway Superintendent.

The Road Commissioners obtained bids for two new dump trucks, an all wheel drive pickup truck, two snow plows and a new tractor front end shovel loader, the latter being purchased from the special account set up for replacement or purchasing of capital equipment in the Highway Department.

The Road Commissioners again wish to thank all Highway Department employees for their cooperation and diligence during the past year on all phases of our program. Our special thanks go to Mr. George Bowers and Mr. John McEwen who so efficiently handled the plowing of snow, sanding of streets and various other operations during the absence of Mr. Potvin.

We also appreciate the cooperation given us by all Town officials, Boards, and citizens on matters of mutual interest which makes Wayland

a very desirable Town in which to live.

Respectfully submitted,
ROBERT M. CARSON, Chairman
HORACE MEGATHLIN, JR.
THOMAS C. ROCHE, JR.
Board of Road Commissioners

THE CITIZEN'S ADVISORY COMMITTEE

The Citizen's Advisory Committee, appointed by the Selectmen of the Town of Wayland, reports that their observations regarding Urban Renewal Activity in Wayland, concur with the results of a survey conducted by Mr. Harvey C. Newton, Chairman of the Wayland Redevelopment Authority, which indicated, almost unanimously, that property owners within the intended Urban Renewal Project Area, were not in accord with any renewal plan. Our own observations and personal interviews with these and other taxpayers and voters of the Town of Wayland, indicated strongly that Urban Renewal Activity was not wanted in the Town of Wayland.

The Selectmen of the Town of Wayland and the Condemnation Committee have, for years, been conducting a community improvement program and intend to continue this program. This type of community improvement, though not as dynamic as an Urban Renewal Program, is less apt to produce social and economic disturbances, yet in the long run should produce the same results.

The Citizen's Advisory Committee is in accord with the desire of the Wayland Redevelopment Authority to dissolve itself in a proper legal manner for the purpose of abandoning Urban Renewal Activity within the boundaries of the Town of Wayland, and does hereby advise that this desire be executed.

Respectfully submitted,
JOHN T. KARMAN,
JOHN H. ROONEY,
LEWIS S. RUSSELL, JR.
JEAN F. CAUL
Citizen's Advisory Committee

1963 ANNUAL REPORT OF THE SCHOOL COMMITTEE

During the last decade we have seen many of the newer ideas in teaching introduced in Wayland; ability grouping, team teaching, modern physics and mathematics, the use of language laboratories and advanced placement courses. We have seen our teacher salary schedule become competitive with the top 10% of the town in Massachusetts and all of our schools are now staffed with full time administrators and teacher aides. We have seen our school population increase from 1231 ten years ago to 3149 today and with the completion of our Senior High School, we have added the last major unit currently contemplated for housing Wayland students. We have also seen our per pupil cost reach \$520. It is obvious that we need a period of consolidation during which we can evaluate the innovations to make certain they are doing what they are supposed to do-give us excellence in education with an individualized program at a minimum cost to the town.

We believe that in the choice of Mr. R. Bruce McGill as Superintendent, we have found a man who is able to achieve this objective. One of Mr. McGill's first duties was to assist the Committee in the selection of the principal of our Senior High School. Our mutual choice was Mr. Raymond Hettler who came to us from Huntington, New York where he had experience both as assistant high school principal and junior high school principal. He has a B. A. and an M. A. from the University of Denver where he majored in history. The School Committee has a high regard for the professional abilities of both Mr. McGill and Mr. Hettler and we believe that parents, students, and staff share our confidence in them.

While we lost almost no teachers last year for other than unavoidable personal reasons, we had some difficulty in hiring the kind of teacher for whom we were looking. This problem will become more acute in the next few years because of the shortage of skilled teachers. As a result, we are making some revisions in our salary schedule particularly in the middle and upper brackets. These revisions are in line with the recommendation of our Teacher's Salary Committee although they differ in the timing of the increments.

Although the cost of our teaching staff will probably continue to rise, it appears that a leveling-off period is in sight for our school population. Present projections indicate that the number of elementary pupils has stabilized and that in about six to seven years the secondary school population will also level-off. By keeping the sixth grades in the elementary schools, the Junior High will be large enough for the next decade but some major repairs will be required. The elementary space needed for the sixth grades will be provided by the Happy Hollow addition for which the Town voted planning money last December. Space for about 500 more pupils will be needed eventually in the High School. Our administration is currently working on plans for a Senior High School addition to be ready in the fall of 1966. A second addition either to the High School or to the Junior High will be needed later in the decade. If this addition is

to the Junior High the ninth grade would be moved to the Junior High School.

Because the town has paid for recent school additions without long term borrowing the amount of the tax rate resulting from the capital cost of school buildings has been steadily falling both because of the reduction in principal and interest as the debt is paid off and because of the rise in assessed valuation. The figure in 1963 is \$7.22. We do not expect that the secondary school additions mentioned will cause the effect of this long term debt on the tax rate to exceed this figure.

The School Committee wishes to thank the Town and the parents for their enthusiastic support and commends the school administration, the teaching staff, the custodial, secretarial and cafeterial workers for their hard work. We also wish to express our appreciation to the other town departments which do so much to help the schools.

Respectfully submitted,

John B. Gregory, Chairman
Jack W. Arnold
Bruce R. Kingsbury
Dr. Jesse Scott
John B. Wilson

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

In this, the sixty-seventh Annual Report of the Superintendent of the Wayland Public Schools, the Superintendent wishes to outline some of the education developments in the schools during the past year.

Curriculum committees are organized in all departments and consist of team leaders, chairman, and principals. These committees are responsible for writing courses of study to cover all subjects in grades one through twelve. Such work is done to insure that students of all schools receive the same basic preparation as they move through the grades, and that the transition to various levels of demand are made as smoothly as possible. English composition, English grammar, foreign language, science, mathematics, social studies, music, art, and physical education courses have either been written or are in the process of being written.

Workshops have been designed to help these committees in their building of course studies. Such workshops have also been used to up-date teachers on the latest developments in reading, mathematics, biology, and testing. We consider the workshops an important element for the in-service preparation of the professional staff and the program for these training periods will continue to be expanded.

Ten teacher candidates were interviewed for every one invited to join the faculty. Notices of vacancies are sent to some sixty placement offices in all parts of the country. A preliminary screening takes place by reviewing credentials, after which candidates are interviewed by at least two administrators, and often by the appropriate team leader or chairman. The final two candidates for each position are then observed while teaching, and a final decision made after a personal conference is held with a person who best knows the candidate's work. Since the quality of instruction which students receive is directly attributable to the caliber of the teaching, the importance of the recruiting program cannot be overstressed.

A comprehensive testing program that reaches all academic areas from grades 1-12 has been instituted. The Wayland Schools have become affiliated with the Educational Records Bureau of New York, a non-profit test organization, which acts as an advisor on testing practices and analyzes test results so that comparisons with other top school systems can be made.

The Wayland Schools have also joined the National Registration Office of Chicago, a non-profit institution, which follows secondary school graduates through the first year of college and compares grades, subject-by-subject, with the grades made by the students in the same secondary school subjects. These results, coupled with testing data, aid any system in evaluating the work being done in the

schools and indicate areas that require study and improvement.

As a further step in evaluating the total program, the Junior High School and High School are preparing for a visiting team from the New England Association of Secondary Schools and Colleges during the Spring of 1965. Such an evaluation studies and reports on all courses taught in the school, student activity program, library and audio-visual, guidance services, health services, school plant, and school staff and administration. Since notifying the New England Association of Secondary Schools and Colleges of our intent, several of our teachers, and the two principals, have participated on teams evaluating other schools, and have had the advantage of observing and learning of the operation of other school systems, both public and private.

The reading program is undergoing a careful study which will carry into next year when a reading coordinator responsible for the overall program of reading will aid the existing staff.

A conference is being scheduled, by the counselors of the Junior High School and High School, with each student, and the parents, in grades eight, eleven and twelve. These individual conferences give an opportunity for an exchange of information between the school and home that will include a review of the pupil's grades, test data, personal information, along with both immediate and long-range educational planning.

As a means of grounding students in reading, mathematics, and English as completely as possible before entering the High School, selected pupils in the Junior High School will receive three additional periods per week of small-group instruction in reading and/or English, and mathematics. The plan behind such groups is not to provide instruction just in content covered by the regular class, but to also diagnose those parts of the student's background that require direction and build an individual program to meet his needs.

The emphasis on English will continue into the High School where pupils will meet five periods per week rather than the present four. The five periods will consist of one large-group, three medium-groups, and one small-group period per week; thus the strong features of the variable groupings can be coupled with increased instructional time in the classroom.

Foreign languages will meet five periods per week in small-medium groups. Large groups will be scheduled only as lessons of a sufficiently general nature warrant them. Oral-aural methods of teaching the romance languages will be extended.

A new science program consisting of geology and oceanography will be introduced in grade nine, biology will be moved to the tenth grade, chemistry to eleven, and physics to the twelfth. The shift is being made to provide for more mathematics training and the advantages

of more maturity prior to the scheduling of the senior sciences. Students headed for advanced placement will take an accelerated program beginning with BSCS (Biological Sciences Curriculum Study) biology in grade nine.

If a school system is to provide the community with educational unity of high quality, that system must have a prevailing direction to its development. Studies are underway in virtually all areas to see where we now are, where we want to be, and how we get there. Our position can perhaps be best characterized as a reaching out for the most promising of the newer concepts in education and a solid rooting of them in the best of that which is traditional.

Respectfully submitted,

R. BRUCE MCGILL

Superintendent

REPORT OF WAYLAND PUBLIC SCHOOLS, ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Committee:

It is with pleasure that I herewith submit my fourth annual report since joining the Wayland Public Schools in September, 1959.

Inherent in the school department operations has been the necessity of providing for the increased enrollments that are prevalent each September. In 1963, 177 more pupils enrolled in the school system, contributing to a total enrollment of 3,147 in grades 1 to 12. It is further expected that this enrollment figure will rise to an estimated 3303 by September of 1964. Encouraging, however, is the fact that enrollment increases are now averaging approximately 5% as compared to previous increases of 13% and 14%.

During the past year, the Loker Elementary 8 room school addition was completed and operating as of September 1963. Plans were also started on a similar 8 room addition to the Happy Hollow Elementary School to be ready for September 1965.

The School Department was administered under a budget encumbrance system for the first time in 1963 and enabled better controls of the various accounts.

In preparations of the 1964 School Budget, per capita norms were utilized initially in the school system for purposes of equalization and consistency as it relates to amounts of money spent per pupil in the various schools. Per capita norms pertain to allocating a specific amount of money for a pupil in the various instructional areas of textbooks, art, music, physical education, etc. Norms are established from a study of past history and a review of comparable school districts and their expenditures.

In 1963, school libraries were examined closely and organized to become more effective in the educational program. In the elementary schools, library aides were employed on a part time basis to improve library operations at this level. Through the cooperation of the full time librarians at the high school and junior high the school libraries are being reviewed through meetings, evaluations and studies of other libraries to become more effective as carriers of knowledge.

The audio-visual program in the Wayland Public Schools in 1963 operated as separate instructional service centers in each of the various schools. Through scheduled meetings and planned agendas, studies were initiated into making better uses of our audio-visual personnel, equipment and techniques. As part of this study there will be an examination of the role of audio-visual as it relates to library.

The non-instructional staff including the school secretaries, school custodians, cafeteria personnel and school bus drivers all

contributed as in the past in making the best climate possible by which the educational program could progress.

The school budget which necessitates the translating of the educational program into an estimate of expenditures requires also the forecasting of plans for the future.

In 1964 materials, technology and space, as it relates to the educational program, will be examined. Each school building will be provided with improved instructional resource facilities consisting of at least a library and audio-visual center. Audio-Visual will be coordinated system-wide by reassignment of the audio-visual person presently at the high school so that his services will be available to all schools.

Further study will be made into the relatively new fields of Educational Television and programmed instruction and to include a vigorous program of evaluation in its use.

Within the school buildings, space will be examined for maximum use through minor renovations and partitioning. In 1964 space requirements and educational specifications will be drawn up for an addition to the high school due in 1966. Concepts of space will permit and encourage flexibility and provide for a changing educational curriculum.

REPORT OF THE LIBRARY

1963 was a busy year for the Wayland Library and the Cochituate Branch. Although there were no important changes in the physical plant, much time was spent in discussing improvements. To obtain an objective and professional opinion of what is needed in Wayland as it is now, two surveys will be conducted; one by the Massachusetts Division of Library Extension, and another by a professional survey team. One change which we hope to bring about in the coming year is an automatic charging system, to eliminate the errors which occur with the present system.

During the past year we have noticed a greatly increased adult use of the Cochituate Branch. This has been very gratifying. 1963 was the first full year of an increased effort to keep a frequently changing collection of recent adult books from the main library at the Branch, as well as the permanent additions to its own book stock. This brings new life and variety to the shelves of fiction and other popular categories. Also this year we have assigned a new card number to every Cochituate registrant who visited either library. This was for the purpose of having a single series of numbers, rather than two with a duplication through 2200, and further possibilities for charging errors.

Again during 1963 we continued the program of visits to all the first and second grades in the school system who desired it. Two very successful story hours were held at the Main Library; one in Book Week, and one the Saturday after Christmas. We are happy to find that it is possible to have a good attendance at a story hour on Saturday mornings. Thus encouraged we shall try to develop a more regular program.

As always, we are grateful to the many groups and individuals who have contributed books and periodicals. Also we wish to thank the Garden Club for its faithful provision of floral arrangements through the season, and for its Christmas decorations. These have been beautiful in their individual ways and have lent a touch of grace to the library.

REPORT OF THE COMMISSIONERS OF TRUST FUNDS

During the year 1963, there were no additions or deletions to the Trust Funds of the Town. No issues matured or were called and the extra income accumulated during the year has been placed in Savings Bank Accounts awaiting a more advantageous investment opportunity. These funds currently amount to \$13,184.33. Interest rates have remained at a fairly even level during the past year and your Trustees anticipate a slightly easier trend during the latter part of 1964.

A complete list of the Trust Funds, their allocation and the income derived from same during the past year, will be found in the Report of the Town Treasurer.

Respectfully submitted,
ALLAN R. FINLAY,
JOHN G. HARDER,
THOMAS B. GANNETT, Chairman

REPORT OF THE WATER COMMISSIONERS

This year was marked by the death of one Commissioner and the resignation of another.

Mr. Alfred C. Damon passed away in August, 1963, having served as Water Commissioner for the Town from 1924 to 1963. His dedication and foresight are readily apparent in the history of the Department over the last forty years. Years in which we saw and, in large measure, directed its growth from less than 500 takers to over 3,000 and a budget of less than \$3,000.00 to over \$100,000.00.

Mr. Fern A. Taylor, who served as Commissioner for nineteen years, resigned to accept a position in the Department.

Mr. Robert Hanlon was appointed to fill out his term.

The record breaking dry weather of the summer of 1963 caused the Department to place a mild ban on the use of water for the first time since 1956.

No new wells or pumps have been added to the system since 1955, but the average daily use of water has increased from 704,000 gallons per day in 1956, to 1,100,000 gallons per day in 1963. So that even though our storage capacity was increased in 1958, under an unusual demand of almost 3,000,000 gallons per day for more than a week, as occurred the last week in June, we could not pump enough water during the night to restore the water that was used during the day. The ban, which was only on the watering of lawns on alternate days, was designed to give us a respite in which we could fill our storage capacity. We felt that this type of ban would cause the least inconvenience, and yet it gave us the margin necessary to keep our storage adequate for an emergency.

There was never a shortage of water in the wells and our facilities are adequate for all ordinary requirements. We are, however, advancing the plans to put the new well field in operation.

The change was made to cycle billing in July. Under this system all meters will be read and billed three times per year as usual, however in different months, so that reading and billing is spaced over the entire year, eliminating the jam that occurred when all 3200 meters were read and bills sent out the same month.

The new garage is under construction and will be in use this year.

STATISTICS--1963

Services in use	3,204
Length of Main	76 miles
Number of hydrants	445
New services	103 (included in above)
Water pumped	427 million gallons
Renewals	8
Relocations	14
Leaks	22

Respectfully submitted,
LAURENCE K. COOK, Chairman
ROBERT W. HANLON,
Board of Water Commissioners

REPORT OF THE CEMETERY COMMISSIONERS

The activities performed by the Cemetery Department for the year ending December 1963, were as follows:

Sixty-one burials were made: Forty-seven in Lakeview, thirteen in North, and one in South Cemetery. Receipts totaled \$2,900.00.

Twenty lots were sold: Fifteen at Lakeview and five in the North Cemetery. Receipts totaled \$1,070.00.

Annual care receipts totaled \$1,277.00.

Twenty-three foundations were made for the erection of monuments. Receipts totaled \$585.00.

Twenty-six gifts for Perpetual Care were given by the following:

Russell B. South for perpetual care of Lot 55, Section A, Lakeview	\$100.00
Russell B. South for perpetual care of Lot 102, Section C, Lakeview	200.00
Rita B. Russell for perpetual care of Lot 61, Section L, Lakeview	200.00
Joyce L. Robsham for perpetual care of Lot 103, Section L, Lakeview.	200.00
George H. Robinson for perpetual care of Lot 151, Section Lovell, North	200.00
Dorothy Morgan Strong for perpetual care of Lot 1, North	300.00
Helen M. Hazard for perpetual care of Lot 25A, Section M, Lakeview	100.00
Phoebe Parks for perpetual care of Lot 9D, Section M, Lakeview	50.00
Doris Maguire for perpetual care of Lot 96A & 97A, K, Lakeview	200.00
Bonnie L. Cain for perpetual care of Lot 23, Section L, Lakeview	200.00
Walter C. Bennison for perpetual care of Lot 43, Section Lovell, North	200.00
Grace H. Benson for perpetual care of Lot 80 A, Section Lovell, North	100.00
Ella Pottle for perpetual care of Lot 59B, Section M, Lakeview.	100.00
Walter Cooper for perpetual care of Lot 58, Section G, Lakeview	200.00
Sally Gersbach for perpetual care of Lot 20B, Section L, Lakeview	100.00

Anna M. Dugan for perpetual care of Lot 20A, Section L, Lakeview	\$100.00
Ethel W. Dame for perpetual care of Lot 34, Section K, Lakeview	200.00
Edward Sherman for perpetual care of Lot 250, Section North	300.00
Francis J. Moran for perpetual care of Lot 5B, Section M, Lakeview	100.00
F. Clifton Haynes for perpetual care of Lot 7, Section Ext. North	200.00
F. Clifton Haynes for perpetual care of Lot 8, Section Ext. North	200.00
F. Clifton Haynes for perpetual care of Lot 79, Section Ext. North	200.00
Bertha C. Jackson for perpetual care of Lot 21A, Section L, Lakeview	100.00
Bertha H. Brown for perpetual care of Lot 22, Section L, Lakeview	200.00
Elizabeth A. Stockbridge for perpetual care of Lot 29, Section M., Lakeview.	200.00
Helen M. Hazard for perpetual care of Lot 3A, Section M, Lakeview	100.00
	<u>\$ 4,350.00</u>

In the year of 1963 the Cemetery Department purchased a parcel of land adjacent to Lakeview Cemetery adding about two acres. This land will be laid out into lots and roadways as the need demands.

This year we will add over one hundred and thirty lots, each containing room for four burials.

A gravel road is to be built and water pipe installed to service this area, as well as an adjoining area of near equal size.

Respectfully submitted,
GUSTAF M. BLOMGREN,
WALTER A. CHESLAK,
WILLIS B. RYDER
Board of Cemetery Commissioners

REPORT OF THE PARK DEPARTMENT

The Board has continued in its efforts to improve and maintain property under its jurisdiction, as well as the services to the Town, through contract effort and improved equipment without expanding its permanent labor force.

The contract for the control of erosion of the Bank at the Town Beach has been completed. Henceforth, only normal maintenance of the Bank is anticipated.

Preliminary master plans for Beach Improvement and Expansion have been completed, and reviewed by various interested groups. Detailed plans for the Beach expansion are in progress.

The Beach again enjoyed a record attendance, and has maintained its excellent safety record. The Commissioners wish to express their gratitude to the Lifeguards for their alertness in converting two near tragedies, to lives saved, during the past season.

The Commissioners have secured the plot description of the two temporary Playgrounds at two still unused School sites, eliminating the obstacles preventing consummation of the tasks.

The Commissioners wish to thank the residents of the Town, the assisting committees, the Officers and the Park Department personnel, for their support and cooperation. They wish also to express thanks for the volunteer efforts of individuals and groups that executed its Recreation Program; and the landscaping at the Junior High School.

Respectfully submitted,
NATHANIEL HAMLEN,
JOSEPH P. HORVATH,
THOMAS F. MURRAY,
Board of Park Commissioners

WAY-CO RECREATION PROGRAM

The Way-Co Recreation Program, begun modestly some eleven years ago with baseball for about thirty-five boys at the Cochituate Field, has grown along with the town expansion in other areas.

Thanks to the efforts of many sincere volunteers, our baseball program now enjoys activities on five of the athletic fields in a progressive program beginning in mid-April through Labor Day, with an enrollment of more than 450 boys managed and directed by sixty adult leaders.

Since 1958, Way-Co has sponsored Volleyball for adult groups at the Loker School throughout the fall and winter months as well as a basketball program for boys at the same school.

This fall, Way-Co has expanded into the area of football for boys under the Pop Warner program which emphasizes all the fun of the game with due safety consideration. Plans include a gradual growth of this activity to include more boys each year.

With the introduction of hockey as an inter-scholastic sport at the High School, Way-Co will pioneer a development program utilizing outdoor facilities both at Cochituate Field and the Mill Pond. An attempt was made last winter in this area which resulted in more than thirty-five days and nights of skating and hockey.

Way-Co also acts as a clearing house for field uses throughout the town which permits maximum use of the facilities, especially the lighted field at Cochituate.

Looking ahead, Way-Co anticipates introducing tennis, field hockey and archery for girls, a softball league for men, and a summer track program for both boys and girls. All activities are planned with emphasis on mass participation to provide diversified recreation according to desire and need.

Way-Co is successful only because of a well-organized cooperative program sponsored by the Wayland Park Department and supervised by a group of interested volunteers, giving their time and talents throughout the year. The Town supports the program with a modest appropriation at the annual town meeting all of which is used for supplies and equipment since no salaries are paid to Way-Co personnel. Though the program has expanded each year, the budget has remained constant since 1959. As the number of activities and participants increase, so should the budget provide necessary support in the same efficient procedure.

No report of Way-Co could be complete without recognition of its truly remarkable cooperative function. From the Town Meeting itself, the Finance Committee, the Park Department, and its personnel, the Town Counsel, the Police Department, the Fire Department, the Highway Department, and the School Department, all are called upon and all respond willingly to support this program.

This 1963 Report of Way-Co is submitted to keep the town informed as to recreation being offered its citizens. In conjunction with an excellent summer swimming program offered by the Park Department, and the American Red Cross as well as the numerous fine activities sponsored by the Wayland Junior Town House, Way-Co acts to present its program, not in competition to but rather as a complement to these other agencies. Requests to provide for new interests are always welcome as well as an active part in the direction of Way-Co itself.

In submitting this report, I would personally offer a vote of thanks to all who have contributed to another successful year with a special bouquet to the following for efforts which so often go unnoted:

John Williams, Edward Williams, Charles Moody, Gordon Fellows, Harold Barnett, Peter Zoller, Timothy Mahoney, William Morris, Frank Kelley, Harold Woolard, Donald Cassidy, Thomas Murray, Nathaniel Hamlen, Joseph Horvath, and Norman Taylor.

And in each instance of the above list, may I add all of the wives of these men for without them Way-Co would have no success.

JACK ARNOLD,
For the Way-Co Recreation Program.

REPORT OF THE PLUMBING AND GAS INSPECTOR

I hereby submit my annual report.

This office issued, during the year 1963, one hundred fifty-seven Plumbing Permits, totaling \$1,252.50; one hundred forty Gas Permits, totaling \$1,142.00--all moneys being turned over to the Town Collector.

All violations of the Plumbing and Gas Codes have been rectified.

Respectfully submitted,
DONALD K. IDE.

REPORT OF THE RECREATION ADVISORY COMMITTEE--1963

Increased thought has been given to the establishment of a paid post as Recreation Director for the Town. Responsibilities of the Director would range from co-ordination of existing recreation at the activation of the position, to the implementation of additional recreation, particularly in the late teenage and senior citizen categories. It is difficult, with Wayland's growth pattern, to at once set down the specifications for such a post, knowing that changes of the future would necessitate financial changes. However, it is safe to say that preliminary studies do indicate that the cost to the Town would range from 50¢ per thousand on the tax rate the first year, to probably about \$4.00 per thousand on the rate within three years if Town support for the program was forthcoming.

Whenever a new position is created, it brings with it additional taxes to support it and these are a continuing additional cost to the citizen. Thus another year of study, minimum, is desired before such a proposal might be brought before the Town for consideration. It might well be, with rising school costs, with the indicated need of adequate rubbish collection, additional Highway Department personnel, etc., that the Town would not wish to incur the then still additional taxes for a Recreation Director and Staff. This is not an easy decision to make either now, or in the future, without careful additional research and thought.

The Recreation Advisory Committee is delighted with the expansion of the Wayco Program to include football and hockey, and points out to the Town the value of dedicated volunteers to conduct recreation as seen in the benefits to many of this program, as well as Town House, the Church, Fraternal and Service groups programs. Skating on the Cochituate playground these past two winters has been well received as it was years ago.

Finally we would commend to the Town, the School Department's Community Use of School Buildings policy, which makes possible many recreational opportunities now offered in the Town by providing the facilities in which to hold them.

Respectfully submitted,
HENRY J. MULLER,
RICHARD E. BICKNELL,
BARBARA L. PONTECORVO,
SALLY WIGHTMAN,
THEODORE R. MAGOUN, Chairman
